Chairman's Voice

Dear Alumnus,

Greetings to you all. I take this opportunity to wish you all a very happy new year. Being proactive is a commitment that we have taken and we would like to have an open line communication and involve you in as many events as possible. These events help us to connect past, present or future not just personally but also professionally.

RajaRajeswari College of Engineering has taken giant strides in the field of education and grown in stature over the years. We still have a long way to go and we are very happy to have you all with us in this exciting journey.

SAMANVAYA-15 (Volume-2 news letter) from RajaRajeswari College of Engineering is a step in this endeavor and I am sure this news letter will make an interesting reading.

On behalf of the management, faculty, staff and students, I extend a very warm welcome to one and all and wish the team a great success.

Vice Chairman's Voice

Dear Alumnus,

Greetings esteemed alumni! Congratulations to you all on the eve of bringing "Samanvaya", the Alumni News letter from RRCE.

Education today, is undergoing a commendable change and it is very important to keep ahead with the latest know-how. With the Technology Explosion which is happening, lots of new vistas are opening thus presenting the students with lots of choices. The only way to take the challenges head on and be successful in whatever. Networking skills and communication skills are very crucial for building any business relationships. Newsletters will help students to bond with each other thus enhancing their interpersonal communication. I congratulate the team for making this news letter happen and wish them the very best.

Principal's Voice

I am very happy to know that the 4th Alumni Meet is held on this auspicious day of 26th January, 2015 which happens to be our Republic Day also. Alumni Association is an excellent forum to keep in touch with students, college-mates, college staff, teachers and to understand how our institution is progressing and contribute to the growth and development of the facilities and educational programs of the college.

"You meet people who forget you. You forget people you meet. But sometimes you meet those people you cannot forget that is your engineering class mates at RRCE".

Vithyapriya R
 Design Engineer
 Electronic Relays India Pvt Ltd(Eri)
Alumni- Dept of ECE

I had a platform which helped me to learn and incorporate typical professional ethics along with the engineering Skill set. RRCE supported quite a large volume of cultural and co-curricular activities and I as an individual participated and won 1 st prize in linguistics was really an happy and proud moment till now. Our management was kind enough to provide the requirements and encouragement at all levels . RRCE helped me to gain leadership qualities, confident, self motivating personality, progressive nature, positive attitude. I wish RRCE to be more successful further too.

Vedanth Ramesh
 Managing Director,
 Siddi Group
Alumni- Dept. of ECE

Learning to handle Pressure, People, how to create and how to sell creativity. Many verticals to be touched and many perspectives to be achieved. Letting the student enrich his creativity and broaden his/her perspective and view of thinking is one of the key to see growth in the student, and one such environment is created and well sustained at RRCE. Wishing all the students at RRCE a very best, and looking for more entrepreneurs to come out shining with new intellectual ideas.

Thushara
 Test Engineer ,
 Tech Mahindra
Alumni –Dept of CSE

I was lucky enough to get into this college, especially to computer science department where the faculty members are very friendly who are with us in each and every aspect with respect to academics. Not only in academics but also in all the extracurricular activities, all the faculty members motivated us. Also in my final semester, while doing project, I have got very good guidance from the faculties because of which I could score well in both internals as well as externals.

Sachin Kulkarni,
 Database developer,
 Razorsight
Alumni –Dept of CSE

"Experience is what you get when you didn't get what you wanted." some great guy has said that, Not getting things that I applied for. Not fitting into the group of people that I wanted to be friends with. Not achieving the grades I wanted (and kind of assumed I would get). That's just a whole lot of experience right there. The staff in the department is super ,friendly and are always approach-able. Life at RRCE was one of the most memorable part of my life which i hope to never forget.

Ananth Kumar B M
 Software Engineer,
 Capgemini, India
Alumni –Dept of ISE

The students here are given freedom of their choice in learning new technologies and the department is open for the innovative ideas from its emerging minds who have clinched many awards in various fields. This camaraderie between students and the faculty has been very consistent for all these years and I hope this will continue for long towards the success of new upcoming Engineers, for my dept.and also in turn for the success of my college, RRCE."

Sowmya S
 Project Lead
 ThoughtNet Technologies (I)
 Pvt Ltd, Bengaluru
Alumni - Dept of ISE

I have learned the values of life from the lecturers and friends. I have met a lot of good friends and wonderful lecturers here, Even now that I'm working, they are still giving encouragement to us as alumni. I'm really thankful to the lecturers for everything. RRCE isn't a college, it is a community. The interactions between lecturers and students go beyond mere Academic Discussions. The same applies to the ties between students. We are a family- not by blood, but by bonds. Thanks RRCE for Supporting the students and making their future blessed with lots of successful carrier.

Rahul Gujran
 NGO, Samskrita Bharati,
 Bengaluru
Alumni –Dept of EEE

“In my opinion this testimonial gives me an immense opportunity to accept that I spent my college life in great luxury and triumph. I don’t think the college or the teachers may be really proud of me. One day someone asked me “Are you a day-dreamer??” to that I now reply, “NO!! Because dreamers are those who have given up everything and are now enjoying a dreamy sleep. I haven’t given up yet!!”. RRCE has not only helped me in developing the perfect instinct but also has helped in making myself more presentable. I was never a diamond with brilliance, but yes these 4 years gave me some brilliant cuts. I thank all those cuts for helping me in building a stronger and a much positive attitude towards life.

Vaishnavi B Ramesh
 Pursuing M. Tech. (PE & D)
 VIT University, Vellore
Alumni –Dept of EEE

All through my graduation, I was able to explore myself and mould into a bold and confident person, ready to face the corporate world. This college provided me with a strong platform which helped me acquire the knowledge and skills necessary for my career and allowed me to get started in a real-world setting, also assisted me in fine tuning my behavior and amalgamate professional ethics along with the engineering skills. Our management was kind enough to provide the much needed encouragement and technical support which made us to achieve success.

Naveen H
 Executive-Procurement Engine
 Group, Honda Motorcycle and
 scooter India Pvt Ltd.
Alumni –Dept of ME

I can't describe my awe inspiring life in RRCE in few words, but I am trying my level best to do it so. Throughout my stay in RRCE I was provided with ample opportunities in both academics as well as extracurricular activities. More than anything else RRCE inspired us to set goals and to go that extra mile to reach our goals, this quality imbibed by our college is helping me in every walk of my life. Thank you RRCE...

Tharun M
 Site Engineer
 Alpha constructions,Bengaluru
Alumni –Dept of Civil

I would really consider this opportunity to thank the dedicated staffs of my department and my peer classmates who helped me in all possible ways throughout my curriculum. My college sticks to its vision of emerging as “One of the top 10 technical and management institute in the state of Karnataka” offering quality education at its best. I hope they continually strive for improving the system and infrastructure that would make it a much more comfortable place to learn fortunate students like us.

RamKumar M
 Senior Engineer & Project
 Coordinator, Nandi Group
Alumni –Dept of Civil

Stepping into a world of a professional race, without even knowing the difficulties in it, we as young aspiring engineers join colleges, one such experience was of mine joining RRCE. Which started out to be difficult, but as time passed a lot was to be learnt. An environment built around nourishing the growth of a future mind, an environment with growth in diverse angles, not only focusing on technical education but also in various other verticals. RRCE is one such place where you are let out into the open to learn via experiences on how to handle and organize yourself.

Arpitha Avinash
Alumni –Dept of EEE

An institution makes an intangible impact on everything it touches, on the minds and dreams and character of students, on the world of ideas and their practical application. It's an honor and privilege for me to share my experience of Graduation from RRCE as it was a milestone for me. Over the course of my graduate study at RRCE, I developed a genuine appreciation of the impact, our professors have made on us graduate students through courses, guiding us through research, and later, in our professional development. I salute all of you for the dedication you put into this institution. Thank you for your patience, support, faith, and for always being there for me.

Samanvaya”: The name of RRCE alumni meet “Samanvaya” is been derived from the sanskrit Word “Samanvaya” which means ‘to join’. *Samanvaya* can be broken down into two words – *sam* + *anvaya*. *Sam* means ‘to join together’ and *anvayah* means ‘to put things in an order.

The objectives of RRCE Alumni Association is to :

1. To promote and foster mutually beneficial interaction between the Alumni and the present students of the RRCE and between the Alumni themselves.
2. To encourage the formation of Chapters as a means to increase participation of Alumni.
3. To encourage the Alumni to take an active and abiding interest in the work and progress of the Institute so as to contribute towards enhancement of the social utility of their Alma Mater.
4. To undertake to organize activities of a civic or charitable nature as also to increase public awareness of the role of technology in value addition in the economic and social development of the nation

Registration details of RRCE-Alumni Association: RRCE-Alumni Association is officially registered under Karnataka Societies Registration Act 1960 on July 8th 2013.

Memories of “SAMANVAYA-14”

Alumni Association Meets Report

The first RRCE alumni association was formed conducted in the year 2012, and was held at "the club", RR Nagar, Bengaluru on 26th January participated by 50 alumni which was headed by Miss. Maya salimutt, Associate Professor, Dept. of MBA.

In that meet, election was conducted to elect office bearers of alumni association for the post of president, vice-president and secretary.

Second alumni meet held on 26th January 2013, conference hall, RRCE campus. Around 90 alumni participated, headed by Mrs. P. Bhuvanewari, Associate Professor, Dept. of ECE. In that meet, executive committee members were framed," Bye laws" were formulated and approved by the EC members.

In the same year, RRCE alumni association got officially registered under Karnataka society registration act 1960 on 8th of July.

Joint savings account was opened by the RRCE alumni association in ICICI bank at RRCE campus which is operated by the Dean and treasurer of the alumni association.

Third alumni meet held on 26th January 2014, headed by Mrs.P.Bhuvanewari, Associate Professor, Dept. of ECE. and member coordinators from all the departments.

In this meet, as per the "Bye laws" election was conducted after two years and new office bearers were elected for the various post of the alumni association.

"SAMANVAYA" - a newsletter first edition was released on that day by our dignitaries. This news letter will tell the voice of alumni and other activities held, to be held in RRCE and sincere thanks to all departmental coordinators who worked for this event.

The Association is much grateful to our management for allocating space in RRCE campus for the alumni members to discuss various activities and it is effectively utilized by our executive Committee Members during discussion.

The association is requesting the alumni to become annual member by paying Rs 200 and Rs 1000 for life member. Also it is decided to issue the membership card.

ALUMNI HOME

MOOGAMBIGAI CHARITABLE AND EDUCATIONAL TRUST

Moogambigai Charitable and Educational Trust was established in the year 1992 with the sole objective of starting institutions of higher education of exemplary stature in the state of Karnataka. In furtherance of this objective, the trust has been establishing institutions of higher learning in the state. Presently the trust is running 07 institutions in Karnataka and 19 institutions in Tamil Nadu in the fields of Medical, Dental, Engineering and Management Education.

RAJARAJESWARI COLLEGE OF ENGINEERING

RajaRajeswari College of Engineering (RRCE) was established in the year 2006. It is an ISO 9000-2008 Certified Institution, recognized by AICTE, New Delhi and is affiliated to Visveswaraya Technological University (VTU), Belgaum, Karnataka. The Institute offers six UG courses (Mechanical, Electrical, Electronics, Computer Science, Information Science and Civil Engineering.), and Five PG courses (MBA, MCA and M.Tech in Digital Electronics & Communications, M.Tech in computer science engineering, M.Tech in thermal power engineering.). Departments of Mechanical, Computer Science, Mathematics and Management Studies have VTU approved R&D Centers. All the Departments have well qualified staff, well equipped laboratories, library, Computing, and sports facilities along with other amenities. The college is located at a distance of 18 Kms from Bangalore City Railway Station on Mysore road.
