A brief report of “PROJECT EXHIBITION” Organized by Department of
Information Science and Engineering

On 22nd May, 2017

PROJECT EXHIBITION was organized by the Department of Information science and Engineering, on 22nd May, 2017. Final year students are participation of this exhibition.

Major objective of organizing this exhibition was to provide the platform and unleash the potential of the students by showcasing their innovative projects developed in the Final Year either as Industry Defined Problem or User Defined Problem and provide an opportunity for the students to demonstrate their learning experience.

The outcome of the PROJECT EXHIBITION was that students were able to show their project at higher level and the process boosted their confidence.

The inaugural of the project exhibition witnessed the presence of Dr. Balakrishan R, principal, RRCE, along with the faculty and staff members of Department of ISE, RRCE.

Prof. Ananda Kumar K S, HOD, ISE Department formally welcomed the principal of RRCE,

Dr. Balakrishan R, principal, RRCE, in his motivational address emphasized on the importance of learning new technologies and tools for the students.

Prof. Prabhakar M, Vice principal, RRCE, shared his valuable knowledge among the students highlighting the importance of project making.

Outcomes of the event

The function has been a result of good hard work done by the Final Year Students who showed good enthusiasm to display their projects, the third year volunteering students, who helped the faculties to organize the grand function, the efforts of each faculty members in making their projects perform at their best. The function was fully photographed, solely by the student volunteers. The function generated a high degree of excitement in the faculty and students of the Department and was a great success.

Feedback from mentors/experts

Experts invited from other department evaluated the project of the final year students. All the experts appreciated the work done by the students. They motivated the students to convert their projects into end product, had given guidance to the students about their working model and suggested some changes to make it more viable and useful for the society. All the experts selected best 3 Projects based on their usefulness to the society and efforts students have done the projects for innovations.

Feedback from final year students

Project exhibition is organized by the Departments of information science and Engineering on 22nd May, 2017. In first phase we all had demonstrated our work in the form of poster presentation and in the second phase we had represented our work in form of demonstration of running model in front of experts and other department students. It was an excellent experience to demonstrate work in front of experts. Their valuable suggestions have really remained very useful for us. We learned many things from them.

Feedback from faculty members

All the students had presented their work very effectively; some of the projects are really up to the noticeable mark and can be converted to end product. Such kind of event motivates the students to learn by self-experience and do some innovative work. All the activities have been organized in very nice manner. The ideas are taking a shape in form of projects; some of the projects are very useful for the society. It is really combination of theory and practical. Students can be inspired largely by such kind of activities and need to organize every year.

Feedback from 2nd and 3rd year students

We have observed the projects made by final year students in project fair organized by Departments of information science and Engineering on 22nd May, 2017. There are many eye catching projects made by 4th year Students. We have gained a many ideas and it may be very useful for us in deciding projects in final year. We have also found the way to make the ideas to be implemented. Some of the ideas can also be extended at larger scale.

The event became grand success with the support of Dr. Balakrishan R, Principal, RRCE, Vice-Principal, HODs, faculty members and Non-teaching staff, 2nd & 3rd year students and team members.
