**5. VENUE: CIVIL SEMINAR HALL, RRCE**

**6. TARGET PARTICIPANTS: 6<sup>th</sup> and 8<sup>th</sup> semester students**

**7. OUTCOME OF THE WORKSHOP:**

**Project Planning and Management (PPM) is common to all sectors information technology, engineering, and management. Outcome of this workshop are as follows:**

1. Courses impart training in the Project Management Body of Knowledge (which are standards or best practices), compiled by Project Management Institute (PMI), world's premier professional association of project managers.
2. Software tools that are used to initiate, plan, execute, monitor & control, and complete a project within the estimates of schedule, budget, and resources.
3. The courses explain the industry standard concepts of project management and provide hands on experience in handing powerful project management tools. After obtaining the training, students can apply for the following job positions:
  - > Planning Engineer
  - > Scheduler
  - > Cost Estimator
  - > Project Co-ordinator
  - > Project Manager
  - > Portfolio Manager
