1st International Conference on Innovations in Computing & Networking (ICICN-16)

12th -13th May 2016

About Conference

The First International Conference on Innovations in Computing & Networking (ICICN-16) will act as a forum for professionals and Research Scholar's interested in the field of Computer Science & Network Engineering to present their ideas along with the results. The main objective of ICICN-16 is to provide new ideas to research and to deal with the use of new techniques, methodology, design and its development to different computing platforms.

About RRCE

RRCE was established in the year 2006 and is managed by Moogambigari Charitable and Educational Trust (MCET), Bengaluru. The college is highly committed with a mission to impart high quality education enabling graduates to excel in their career. The institution offers six UG programmes, five PG programmes, MCA and MBA programmes and seven R&D centers recognized by VTU. All departments are equipped with highly qualified and dedicated teaching faculty. RRCE has received "Engineering College of the year 2015" award by higher education Review. This institution organizes FDP's, Workshops, Seminars, National and International conferences on a regular basis. The institution works with a number of innovative methods for the betterment of the students.

Department of CSE

Computer Science & Engineering was established in the year 2006 with an objective of giving high quality technical education in the area of Information Technology. The department has well equipped laboratories to assist both UG & PG graduates. The department is having an excellent R&D center recognized by VTU. The department inherits dynamic spirit of RRCE & thrives for excellence to offer the best of the benefits to the students.
