Slow Learner's Meeting Report

Under the guidance of Dr.A.S.Hari Prasad, HOD, Department of Mathematics, Class in-charges, mentors and subject experts, we have identified the slow learners in our department (common to all branches) for first and second year students with the following strategies for the academic year 2019-20 odd semesters:

Grievances and points Discussed:

- Identifying slow learners in each class depending upon their previous Internal Assessment performances.
- Guiding them to overcome the academic difficulties by interacting with the concern faculties and the same is informed to the faculties.
- Students are asked to meet the concern staff members to seek help regarding their common backlog subjects.
- Parents are informed with performances of their wards and ongoing slow learner's classes.
- Revision for the requested subject is done by the subject experts during leisure hours.
- Addressing the time management policies are clearly mentioned with a mock test.

Meeting Report

Under the guidance of Dr. Usha S, HOD, Department of computer Science and Engineering, class in-charges, mentors and subject experts, we have identified the slow learners in our department from second year, third year and fourth year with the following strategies for the academic year 2017-18 odd semesters:

Grievances and points Discussed:

- Tough subjects (more number of failures) are listed for previous year.

SUBJECT NAME	SEMESTER
• Engineering Mathematics-III	3 rd sem
• Discrete Mathematical Structures	
• Analog and Digital Electronics	
• Database Management System	5 th sem
• Formal Languages And Automata theory	
• Advanced Computer Architectures	7 th Sem

Actions plans:

- Guiding them to overcome the academic difficulties (subjects in which they are lagging) by interacting with the concern faculties and the same is informed to the faculties.
- Tips and ideas to prepare in the exam point of view and memorizing tips.(Medication, remembering through correlation).
- Students are asked to meet the concern staff members to seek help regarding their common backlog subjects; the same is conveyed to faculties.
- Students are counseled through mentors with personal and academic difficulties, to overcome the backlogs and their performances in the future.
- Parents are informed with performances of their wards and ongoing slow learner's classes.
- Second year students are advised to consult Department of Mathematics and it is also decided to conduct extra coaching classes in weekends, after consulting with department of mathematics.
- Revision for the requested subject is done by the subject experts during leisure hours (for entire syllabus).
- Readdressed the time management policies are clearly mentioned with a mock test.
- Mock tests are framed based on previous year question papers (5 years Question papers).
- Readdressed the choice of answering a question and how to represent it in the paper has been discussed by the individual faculties (based on the problematic, programming and theory papers).

Slow Learner Report

Under the guidance of Dr. Usha S, HOD, Department of computer science and Engineering, Class in-charges, mentors and subject experts, we have identified the slow learners in our department from second year, third year and fourth year with the following strategies for the academic year 2020-2021

Odd semesters:

- Based on the performances in Internal Test and University examination
- Lack of concentration and difficulty in remembering concepts.
- Not studying regularly at home.
- Irregularity to classes.
- Time management and worst presentation in examination.
- Parents meeting
- Student counselling.
- Tough subjects with more number of failures are identified.

Slow Learner Report

Under the guidance of Dr. Usha S, HOD, Department of computer science and Engineering, Class in-charges, mentors and subject experts, we have identified the slow learners in our department from second year, third year and fourth year with the following strategies for the academic year 2019-2020 Odd semesters:

- Based on the performances in Internal Test and University examination
- Lack of concentration and difficulty in remembering concepts.
- Not studying regularly at home.
- Irregularity to classes.
- Time management and worst presentation in examination.
- Parents meeting
- Student counselling.
- Tough subjects with more number of failures are identified.

RAJARAJESWARI COLLEGE OF ENGINEERING

DEPARTMENT OF CIVIL ENGINEERING

MEETING REPORT

Department of Civil Engineering conducted meeting with the faculty to identify the slow learners in second year, third year & final year.

Critical subjects are listed as follows

SUBJECT NAME	SEMESTER
Strength of Materials	3 rd Sem
Fluid Mechanics	
Engineering Mathematics –III	
Design Of RC Structural Elements	5 th sem
Analysis of Indeterminate Structures	
Applied Geotechnical Engineering	
Design of RCC and Steel Structures	7 th sem

Action Plans:

1. Guiding the students to overcome the academic difficulty by interacting with concerned Faculty
2. Learning ideas for the preparation of Exams
3. Students are asked to meet the faculty & take the help to pass the backlog subjects.
4. Parents are informed with the performance of their wards and about slow learners classes
5. Counseling was given to students through mentors for their personal & academic difficulties.
6. 3rd semester students are advised to contact Department of mathematics to clear their doubts
7. Revision for the requested subjects is done by the subject experts during free hours.
8. Mock tests have been given with previous year question papers.

MENTORING MEETING REPORT

FACULTY NAME: Dr. Anitha B.S

MONTH: June

SEM / SEC: III/ CSE - A

DATE: 02/06/2021

AGENDA OF THE MEETING

1. Attend the instructions often and be on time to the online classes.
2. Submit the assignments to the respective faculty without fail.

Slow Learner's Meeting Report

Under the guidance of Dr.A.S.Hari Prasad, HOD, Department of Mathematics, Class in-charges, mentors and subject experts, we have identified the slow learners in our department (common to all branches) for first and second year students with the following strategies for the academic year 2020-21 even semesters:

Grievances and points Discussed:

- Identifying slow learners in each class depending upon their previous Internal Assessment performances.
- Guiding them to overcome the academic difficulties by interacting with the concern faculties and the same is informed to the faculties.
- Students are asked to meet the concern staff members to seek help regarding their common backlog subjects.
- Parents are informed with performances of their wards and ongoing slow learner's classes.
- Revision for the requested subject is done by the subject experts during leisure hours.
- Addressing the time management policies are clearly mentioned with a mock test.
