### Chairman's Voice

**Dear Alumni,**

RajaRajeswari College of Engineering established in the year 2006 indeed has come a very long way. With NBA and NAAC "A" Grade Accreditations, today RRCE is considered as one of the most eminent colleges of Bengaluru.

Maintaining the momentum, we must focus our attention on the present so that the future too, is as dynamic as our past. We must march on with confidence and bring about necessary changes to create a brighter future of this great institution. A future that outshines the glorious past!

The Alumni of the college who with their visions, dreams, aspirations and hopes, have contributed and driven the growth of the organizations they served thus bringing repute to the Institute.

My message to all the alumni is come, join hands together, to form one family and be the largest network that will shine the name of the group in all segments.

I wish our alumni as well as faculty and students to become our partners in sharing our dream, vision and our journey and to provide various feedback and suggestion for further information. We are strong now and let's grow stronger.

### Vice Chairman's Voice

**Dear Alumni,**

We have a proud tradition on the cusp of an exciting era. We believe that our alma mater will provide the right impetus to streamline all our dreams into a unified actionable vision without hindrances. I call upon the educators and student community to join hands in bringing about the change.

I extend my heartfelt wishes to all the concerned and wish the event a great success.

### Executive Director's Voice

The aim of any institution should be to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be molded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spent in RajaRajeswari College of Engineering would have enabled you to equip with leadership and managerial skills. The knowledge that you have gained, the fine qualities that you have imbibed and the skills that you will learnt will be your major contribution to your parents, to society, and to the nation.

We have invested our trust on our students and I am very happy to state here that our alumni have really done us proud. This event gives opportunity to renew the bonds between the alumni and their Alma Mater, reflect the situation of the college today and to strengthen the relationship among the alumni themselves.

*"We cannot always build the future for our youth, but we can build our youth for the future."*

*Franklin D. Roosevelt*

### Principal's Voice

*"On behalf of the Board of Management, the teaching staff, the students and the parents, let me extend sincere greetings. It is with humility and pride that we joined force with the wider community in saying a big thanks to our Alumni's over the years. The strides made by our college, the accolades received, and its illustrious journey in the future, are possible due to the dynamic students. Every student who has walked into this portal of learning has left an indelible mark in its history by his/her attitude, commitment for social development and holistic excellence. The alumni of our college are the strong force in building our nation. Your alma mater is proud of you. Alumni Association of RajaRajeswari College of engineering is a platform for all our pride Alumni's to connect, communicate and converge. I welcome all our beloved alumni's to be an active part of this Association."*

My alma mater provided me and my cohort with very qualified professors and academics that made sure that we were the best at what we do. There was something motivational and special in the college environment which encouraged us to study and aspire to meet the standards and expectations of our professors. Along with up to date and well equipped. This college has already produced exceptional and highly professional engineers, accountants, economists and mathematicians and continues to improve the quality and standards of its graduates with each passing year. I am very proud and honored to be a certified collegian of this prestigious institute.

In my opinion this testimonial gives me an immense opportunity to accept that I spent my college life in great triumph. Life at RRCE completely transformed the view point towards life. It not only helped in gaining technical knowledge but also inspired and motivated for all around development. The presence in the premier institute inculcated a sense of leadership, self-independence, and responsibility. The quality of education inspired to develop a mindset of reasoning leading to a sense of questioning to know the proof behind existence of things. I have got my best of friends in this college, I loved my college.

RRCE, the place where I explored myself and learnt gazillion things. The campus has full Wi-Fi support. The classrooms are fully furnished and have been maintained well. The library has lots of books. The college has sports clubs which are useful to improve the skills. The quality of labs and classrooms is very good. The faculty is friendly and helpful. All the faculty members in the college are well qualified and knowledgeable. They are very helpful and easy to get along with, which I think is the best part of them. The teaching method used by them is easily understandable and easy to remember. The course curriculum was useful. The roles offered were software trainee, program analyst, marketing and lots more. I thank the institute for making me a person that I am today.

**SURAKSHA PS**

DEPT. OF ISE

I Suraksha PS, passed out in 2019 batch and I'm from "Information Science Department". I really love my college days; I have seen all the up's and down's in college life. Actually I used to travel from 50km every day and I was never been late to the class but may be one or two days even I was late too. In the first year I used to bunk every day but later on it turned me into not to bunk even a single day. I was a zero scorer student in first year and even I got year back too but when I entered into the department I used to score good marks and all the faculties of our department are very supportive to me. Whatever comes and goes, I will never forget my college and department I love my college.

Achievements-applauds, opportunities-thoughts, this is what I gained from RajaRajeswari College of Engineering. In the whole flux of activities that together make up life, one finds very rare moments when gets a chance to cherish own's life. RRCE has provided us the opportunity to learn, live, enjoy and step into the world with new confidence and a thirst to achieve and succeed. It gave me a platform that I will cherish always. Someday I won and some days I learned. It always held my back, from inspiring words of our friends to petty sweet scolding of our beloved teachers; my life in RRCE was spectacular and the best experience too. The journey of the engineering program has truly been exhilarating and wonderful. This college let us fall by our own but made us climb on the ladder to success.

When I reminisce about my enticing years of college life in RRCE, I see the transferable set of competencies that got build up over a period of time in me. I will definitely not talk about the knowledge piece here but I would like to talk about the skills and mindsets that help to raise the bar of excellence. And when I hark back to my journey of spectacular years I think skills like strategic planning, optimism, coaching, managing self and time got developed at grass root level that certainly played a vital role post-graduation. I must say that the learning and exposure which RRCE gives is just commendable. The faculty is just amazing and they stand by us from the first day to the end of placement days. I would also like to thank to the professors for getting me the first campus placement at Flipkart as it's always special for a student getting placed for the first time.

**SUMAN K,**

One of the most interesting stages in life that gives you an opportunity to explore is the 'college phase.' Life at college is the time when the teenage years end and we all dive deep into the ocean of new beginnings and possibilities. This golden period better equips you for all the challenges you'll face in life and creates a strong foundation of knowledge. Our college may look ordinary building from outside, but from inside we are surrounded by the knowledge persons like our HOD Arunachalam sir. And all my teachers who push us to for more and leaves the credit to us. EEE is branch of opportunity, knowledge, valuable and many more. I'm proud to be student of RRCE, and especially as EEEian. Thank you so much for yoursupport.

**RAGHAVENDRA,**  
ALUMNI - DEPT. OF EEE

It was a great time, spent in RRCE. RRCE has very wonderful faculty and they are very cooperative. The relation between faculty and student is very cordial, which gave me an opportunity to excel further. The 4 years spent here was splendid and has helped me excel professionally as well as personally. Apart from academic, department offers various opportunity to enjoy our college days which was attracting us towards college many of the time. They have excellent facilities and engorgement for students for sports, extracurricular activities.

**KARTHIK V**  
ALUMNI - DEPT. OF MECH

Designer Engineer – IOT Hardware & Programming  
Vogo Automotive Pvt. Ltd. Bengaluru.

RajaRajeswari College of Engineering has always provided me with a challenging and scintillating environment. The staff provided me the right guidance and served as a stepping stone to excel in my career. The facilities at the college are of an exceptional standard helping me move in pace with the advancing field of technology. A thought provoking and highly supportive atmosphere at the college supported me in achieving what I am today. The skills inculcated during the four years are helping me perform exceptionally well in my carrier.

**RAHUL R S**  
ALUMNI - DEPT. OF MECH

BEE TECHNOMATIC  
ENGINEER- PROGRAMS/ BUSINESS DEVELOPMENT

I had a wonderful opportunity to study my Mechanical Engineering course at RajaRajeswari College of Engineering from 2010 to 2014. Apart from syllabus we had a chance to participate in the most trending technologies in the industry like Robotic workshops and a few Technical seminars. Hands on experience in the activities like Workshops, Seminars and Internships can be an immense impact of your personality. However, these activities will bring you a lot more advantage and meaning to your professional degree if you can relate it to your syllabus. Engineering is all about solving problems. Can you deny? Any problem we encounter is a great business opportunity. Initially faculty can take responsibility of introducing or exposing real time challenges or industrial experiences to students and getting them involved to solve it which will eventually build Entrepreneur qualities in the Engineers.

**SARVESH D**

ALUMNI – DEPT OF CIVIL

I take this opportunity extend my thanks to faculty members of RRCE. What an amazing years! I have spent here. These years have been mostly of learning things and seeking knowledge. Not just to make a career out of it. But to carry the values that were induced in myself for the rest of my life. Like the saying goes, teachers are everything that parent cannot be. I have met some amazing teachers here, their efforts of creating talents are greatly appreciated. Reminds me of a Quote by RalphWaldoEmerson “What lies behind us what lies before us, is small than that of what lies within us” I have taken a lot from my years at RRCE. Almighty thanks for all the people been part of my years in RRCE. Wishing you all the best to create many more talents.

**RANJITHA L**

ALUMNI - DEPT. OF CIVIL

Today my words are not enough to express the gratitude. RRCE is an initiative to nurture & develop innovation. Students from diverse disciplines come together to develop many path breaking initiatives. Heartfelt thanks to all our faculties/teachers who are our second parents, who always stood by us, guide us, lead us & motivate us. The four years spent here was magnificent & helped me a lot to explore further. Apart from the academics, department offers various opportunities like sports, extracurricular activities, industrial visits, workshops etc. My journey of becoming a Civil Engineer has finally culminated.

**CHINMAYEE**  
ALUMNI - DEPT OF MCA

The college days are called the golden days of man's life. That's why the old people remember the days of college with feelings of pleasures, pride and sense of loss. I totally enjoyed that golden life in RRCE. I feel proud to tell that I was the student of RRCE. I really love to share my experience. I really want to thank our Principal who had given me such a beautiful opportunity and my HoD Hayavadan G Nargund Sir. He was so helpful to us, he educated all new technologies and he pushed up each and every one towards the success. Thank you very much from the bottom of my heart Sir. Finally my dear friends. They were very supportive to me and I should not forget my dearest juniors also. I should really thank RRCE for giving me some of the special persons in my life.

**DEERAJ N**  
ALUMNI - DEPT OF ISE  
TRAINEE, BESCOM

"Finding the right path to success at the right time is really very important and for that way I have selected RRCE. The friendly environment, the systematic approach towards imparting education at RRCE made me competent individual. The wide range of activities such as curricular and co-curricular along and the support from ISE faculty members is really very helpful in building my career. The faculty members of our ISE department are really very kind and approachable when any need arises. In RRCE, we are trained for our placements and because of that I was placed in one of the reputed company for my internship. Today, if I am in a good position it's because of what I have learnt from RRCE. Lastly I am really proud to be an RRCE'ian".

**Samanvaya**: The name of RRCE alumni meet “Samanvaya” is been derived from the Sanskrit Word “Samanvaya” which means ‘to join’. *Samanvaya* can be broken down into two words – *sam* + *anvaya*. *Sam* means ‘to join together’ and *anvayah* means ‘to put things in an order’.

The objectives of RRCE Alumni Association are:

1. To promote and foster mutually beneficial interaction between the Alumni and the present students of the RRCE and between the Alumni themselves.
2. To encourage the formation of Chapters as a means to increase participation of Alumni.
3. To encourage the Alumni to take an active and abiding interest in the work and progress of the Institute so as to contribute towards enhancement of the social utility of their Alma Mater.
4. To undertake to organize activities of a civic or charitable nature as also to increase public awareness of the role of technology in value addition in the economic and social development of the nation

**Registration details of RRCE-Alumni Association:** RRCE-Alumni Association is officially registered under Karnataka Societies Registration Act 1960 on July 8<sup>th</sup> 2013.

### Chairman's Voice

**Dear Alumnus,**

RajaRajeswari College of Engineering established in the year 2006 indeed has come a very long way. With NBA and NAAC "A" Grade Accreditations, today RRCE is considered as one of the most eminent colleges of Bengaluru.

Maintaining the momentum, we must focus our attention on the present so that the future too, is as dynamic as our past. We must march on with confidence and bring about necessary changes to create a brighter future of this great institution. A future that outshines the glorious past!

The Alumni of the college who with their visions, dreams, aspirations and hopes, have contributed and driven the growth of the organizations they served thus bringing repute to the Institute.

My message to all the alumni is come, join hands together, to form one family and be the largest network that will shine the name of the group in all segments.

I wish our alumni as well as faculty and students to become our partners in sharing our dream, vision and our journey and to provide various feedback and suggestion for further information. We are strong now and let's grow stronger.

### Vice Chairman's Voice

**Dear Alumnus,**

We have a proud tradition on the cusp of an exciting era. We believe that our alma mater will provide the right impetus to streamline all our dreams into a unified actionable vision without hindrances. I call upon the educators and student community to join hands in bringing about the change.

I extend my heartfelt wishes to all the concerned and wish the event a great success.

### Executive Director's Voice

The aim of any institution should be to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be molded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spent in RajaRajeswari College of Engineering would have enabled you to equip with leadership and managerial skills. The knowledge that you have gained, the fine qualities that you have imbibed and the skills that you will learnt will be your major contribution to your parents, to society, and to the nation.

We have invested our trust on our students and I am very happy to state here that our alumni have really done us proud. This event gives opportunity to renew the bonds between the alumni and their Alma Mater, reflect the situation of the college today and to strengthen the relationship among the alumni themselves.

*"We cannot always build the future for our youth, but we can build our youth for the future."*

*Franklin D. Roosevelt*

### Principal's Voice

I am very happy to know that the 7<sup>th</sup> Alumni Meet is held on this auspicious day of 26<sup>th</sup> January, 2018 which happens to be our Republic Day too. Alumni Association is an excellent forum to keep in touch with students, college-mates, college staff, teachers and to understand how our institution is progressing and contribute to the growth and development of the facilities and educational programs of the college.

Hi..I am Akshatha , my experience with RRCE was very good . I was an ex-student of batch 2013 and had a great time with very supportive and knowledgeable lecturers , who gave attention towards everyone and have solved all our questionnaires. I have very good memories towards my college cultural activities, sports and specially the International Conference on "Cloud Computing" helped us to gain more knowledge and confidence within us . Overall with all the memories , I am happy to say that I was the student of RRCE proudly. Thank

I am thankful! My department still welcomes me as an alumnus to share my views. My journey with RRCE started in 2009 with no clue of why I am studying ECE but today I made my living because I studied ECE. Having spent 4 years here Empathy. Education. Experience. That's what allowed me to find my pathway through this complex world, which helped to shape my future. I hope to keep up the same bond with the institution and the inspiring academic community here. In nutshell all I can say is I am proud to be an "RRCEAN". Never quit on your dreams, no matter how lucrative or easy the other path seems.

RRCE, the place where I explored myself and learnt gazillion things. The campus has full Wi-Fi support. The classrooms are fully furnished and have been maintained well. The library has lots of books. The college has sports clubs which are useful to improve the skills. The quality of labs and classrooms is very good. The faculty is friendly and helpful. All the faculty members in the college are well qualified and knowledgeable. They are very helpful and easy to get along with, which I think is the best part of them. The teaching method used by them is easily understandable and easy to remember. The course curriculum was useful. The roles offered were software trainee, program analyst, marketing and lots more. I thank the institute for making me a person that I am today.

I have been waiting for an opportunity to convey my warm regards and been thankful to my college RRCE for grooming me a Management Professional. I am really thankful to my parents for allowing me to study here; RRCE gave me the immense knowledge, support and the valuable guidance from my professors. It's a place of where one of my dreams come true, as a management student I received distinction in all the semesters and became the topper of the class in masters, with the aggregate of 77%, it was my proud moment in RRCE. RRCE provided us with well equipped library, internet facility, transportation; Industrial exposure, guest lectures and training programmes are really boon to all the students. I thank to entire team of RRCE & specially like to mention our HOD, Dr. K Pavan Kumar

**Pavthra S Gowda**

All of us came to this college with expectations, high or low but graduating by this college, tells me only one thing that our expectations have been met, and the ball has been thrown at us to transform our lives, our families, communities, and humanity in general. Hence, what is needed today more than ever is for each one of us to think about ourselves in the right way. At RRCE I have met great teachers and individuals that have inspired me to a greater length in field of engineering especially faculty of EEE department. I am proud to say that success we are celebrating today was conditioned by the amount of effort added by the faculty who guide us by their knowledge of virtual engineering.

**DIVYA M S**

I started my initial steps of journey to achieve my goal to become a Technocrat in RRCE, I really appreciate the right guidance and genuine support of the professors and principal made me to successfully acquire the initial level of engineering knowledge. I'm fortunate enough to be student under the professors with inspiring attitude, experience and approach towards solving the engineering problems of industries and the society, I learnt and imbibed this knowledge from them and exploring the paths they showed. RRCE has delivered whatever it can to students with ambition at right time.

**Samanvaya**: The name of RRCE alumni meet “Samanvaya” is been derived from the Sanskrit Word “Samanvaya” which means ‘to join’. *Samanvaya* can be broken down into two words – *sam* + *anvaya*. *Sam* means ‘to join together’ and *anvayah* means ‘to put things in an order’.

The objectives of RRCE Alumni Association are:

1. To promote and foster mutually beneficial interaction between the Alumni and the present students of the RRCE and between the Alumni themselves.
2. To encourage the formation of Chapters as a means to increase participation of Alumni.
3. To encourage the Alumni to take an active and abiding interest in the work and progress of the Institute so as to contribute towards enhancement of the social utility of their Alma Mater.
4. To undertake to organize activities of a civic or charitable nature as also to increase public awareness of the role of technology in value addition in the economic and social development of the nation

**Registration details of RRCE-Alumni Association:** RRCE-Alumni Association is officially registered under Karnataka Societies Registration Act 1960 on July 8<sup>th</sup> 2013.

## **REPORT**

- **Name of event:** Electrical Engineering verticals and career opportunities
- **Duration:** 22/05/21
- **Venue:** webinar.
- **Chief Guests:** Mr. RaviKiran, Co-founder Ybranium, Pvt Ltd, Bengaluru.

Mr. Murali Krishna M, Co-founder Ybranium, Pvt Ltd, Bengaluru.

- **Sponsorship(if Any):** ---
- **Topics Target audience:** Electrical and Electronics Engineering student.
- **Outcome of Event:**
  - To have the value addition course along with the degree.
  - How the in house project built the confidence in them to become an entrepreneur.
  - Aim for the startup rather than thinking of profit or loss.
  - What inspired you to develop your idea?

Entrepreneurs are individuals who successfully transformed an idea from theory into reality. Executing an idea can require confidence, commitment and determination. Learning what motivated an entrepreneur to take action toward implementing their idea can help you evaluate your own ideas, motivators and challenges.

We thank the management for encouragement and support

## REPORT

- **Name of event:** Electrical Engineering verticals and carrier opportunities
- **Duration:** 22/05/21
- **Venue:** webinar.
- **Chief Guests:** Mr. RaviKiran, Cofounder Ybranium, Pvt Ltd, Bengaluru.

Mr. Murali Krishna M, Cofounder Ybranium, Pvt Ltd, Bengaluru.

- **Sponsorship(if Any):** ---
- **Topics Target audience:** Electrical and Electronics Engineering student.
- **Outcome of Event:**
  - To have the value addition course along with the degree.
  - How the in house project built the confidence in them to become an entrepreneur.
  - Aim for the startup rather than thinking of profit or loss.
  - What inspired you to develop your idea?

Entrepreneurs are individuals who successfully transformed an idea from theory into reality. Executing an idea can require confidence, commitment and determination. Learning what motivated an entrepreneur to take action toward implementing their idea can help you evaluate your own ideas, motivators and challenges.

We thank the management for encouragement and support
