**Medicinal Garden:** The College has developed medicinal Garden in the campus to provide a valuable knowledge of various properties of medicinal plants to the students and staff. We know that many plants have medicinal properties but we never tried to plant it in our surroundings. It is well known from historic times there are a number of plants available nearby which cure effectively a lot of medical problems without side effects at a very low cost and at the same time to enhance the understanding of students regarding importance of Nature. Keeping this in mind, the college developed a garden of medicinal plants and planted a variety of medicinal plants in

the campus. Several plants like Holbasil, Bhirangaraj, Aloe vera, Bryophyllum, Turmeric, Catharantusroseusand many more were planted in order to support and appreciate the **GO GREEN** initiative.
