

## **Report**

### **7.1.8 Describe the Institutional efforts / initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities.**

The college has taken Institutional efforts / initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities through the following programs.

1. Blood Donation Camp
2. Covid Vaccination Camp
3. Cultural Festival
4. First Year Student Induction Program
5. Seminar

#### **1. BLOOD DONATION CAMP**

Blood donation camp is organized by Rajarajeswari College of Engineering in association with Rotary Club and Rajarajeswari Medical College at RRCE campus in every year. A team of Doctors were invited to conduct this camp. The faculties, non-teaching staff and students are donated their blood in this camp. The doctors also highlighted the importance of blood donation and how we can help others by this blood donation. Our college has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

## **2. COVID VACCINATION CAMP**

The administration has contemplated reopening higher education institutions after assuring immunization of key players. It was advised that inoculation should be emphasized for students and the teaching fraternity; in this case, our institution organized a special Covid vaccination camp on college campus to vaccinate. The persons aged 18 years and above in which mainly college students, staff and family members participated and got immunization done. During these all-protective measures related to Covid-19 were adopted. In the Camp the doctor addressed that if we want to defeat corona, then it is necessary to get ourselves and our family vaccinated, vaccine is your protective shield to fight the corona epidemic. He said that by developing a collective immunity by getting more and more vaccinations, we will be able to save the society from the coming danger of corona in future.

### **3. CULTURAL FESTIVAL**

College and cultural fests facilitate students to work for a fixed goal in unison and this eventually develops a sense of responsibility in them. It elevates confidence and also teaches them how to work in a team and in various challenging situations. In outstation fests, students get chance to explore the campus and city more after the event, eventually getting exposed to different culture. This helps them understand different cultures and explore their sensitivities and finer nuances. Every year cultural festival is arranged in college premises to express their talent and to learn different culture amongst the people. Fests provide a platform for students to showcase one's unique talents and are important in the holistic development of the personality of the students, providing a break from the monotonous routine of evaluation and academics. Social/cultural activities not only help students to identify themselves with the university, but also assist students to develop themselves in a desired field and also improve skills such as organizational, presentation, leadership and interpersonal communication. cultural event provides a platform for live performance that is devoted to the public exposition of a work of art, music or literature including exhibitions, concerts, plays and other theatrical performances.

#### **4. FIRST YEAR STUDENT INDUCTION PROGRAMME**

Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Every year, RRCE organizes a Student Induction Program with the goal of assisting new students in adjusting to and feeling comfortable in their new atmosphere, instilling in them the philosophy and culture of the institution, assisting them in building bonds with other students and faculty members, and exposing them to a sense of larger purpose and self-exploration.

## **5. SEMINAR**

Educational psychology involves the study of how people learn, including teaching methods, instructional processes, and individual differences in learning. The goal is to understand how people learn and retain new information. The college organizes seminar and webinars to the faculty and students to inculcate the values of human and the society. The seminar have been arranged to students in view of developing themselves to be an entrepreneur instead of job seekers.
