POLICY DOCUMENT ON GREEN AUDIT

1.1: Introduction

The green audit analyses the environmental exercise inside and outside the campus which will have an impact on the eco-friendly atmosphere. Green audit can be defined as the process of assessing the environmental impact of an organization, process, project, product, etc. A green audit reveals ways in which you can reduce energy consumption. It was commenced with the motive of inspecting the effort in the institutions whose exercises can cause threat to the health of inhabitants and the environment. Through the green audit, a direction as how to improve the structure of environment and include several factors that have determined the growth of carried out the green audit. Green audit requirement of National Assessment and Accreditation Council (NAAC) is a self-governing organization of India which proclaims the institutions as Grade A, B or C according to the scores allotted during the accreditation.

1.2: Need for Green Auditing

Green auditing, it is the process of recognizing and deciding whether institutions practices are eco-friendly and sustainable. Traditionally, humans are good and efficient users of natural resources. But over the period of time there is an excess use of resources like energy, water, is becoming habitual for everyone especially, in common areas. Now, it is necessary to check whether our processes are consuming more than required resources? Whether we are handling resources carefully? Whether Green audit regulates all such kind of implementations and gives an structured way of natural resource utilization. In the era of climate change and resource depletion it is necessary to verify the processes and convert it in to green and clean one. Green audit furnish an approach for it. It also increases overall awareness among the people working in institution towards an environment.

Criterion: 7.1 Academic Year: 2016-2021

1.3. Green audit policy

1. To inspect the current practices, which can effect on environment such as of resource utilization, waste management etc.
2. To recognize and examine significant environmental issues.
3. Setup a goal, vision, and mission for Green practices in a campus.
4. Set up and implement Environment Management in various departments.
5. Continuous assessment for betterment in performance in green.

1.4: Benefits of Green Audit to Educational Institutions

1. It helps in protecting the environment in and around the campus.
2. Confess the cost saving methods by waste minimization and energy conservation.
3. Entitle the organization to setting a better environmental performance.
4. It depicts good image of institution through its clean and green campus.
5. Finally, it helps in building positive impression through green initiatives for the upcoming NAAC visit.

1.5: Major initiatives undertaken

1. College has prepared Green Environmental policy and has taken efforts for sustainable development on the college campus.
2. College has installed solar panels and has further plans of its expansion
3. The institution has successfully completed and recently commissioned a BIO gas plant to handle 500 kg/day of solid waste.
4. Institution replaced of CFL tube lights with LED lights for energy conservation.

5. College has works to maintain biodiversity on the campus and also participates in preventing pollution in society through various drives during Ganesh Visarjan etc.
6. College has included environment protection and management subjects in the curriculum more particularly in Civil Engineering.

The college has also adopted the 'Green Campus' system for environmental conservation and sustainability. There are main three pillars i.e. zero environmental foot print, positive impact on occupant health and performance and 100% graduates demonstrating environmental literacy. The goal is to reduce CO₂ emission, energy and water use, while creating an atmosphere where students can learn and be healthy. The 'Green Campus' has been active since last 2 years both as an assembly group of sub committees that actively promote the various projects. The college administration works on the several facets of 'Green Campus' including Water Conservation, Tree Plantation, Waste Management, Paperless Work, Alternative Energy and Mapping of Biodiversity.

1.5.2. Environmental Policy of the College.

RajaRajeswari College of Engineering is an eco-friendly environment college. It's a self-motivated college to enhance and experience the green campus by influencing student activities and events like plantation, plastic free campus, systematic arrangement of plants – medicinal, Flowering, Climbers and Creepers, Herbs and Shrubs.

RAJARAJESWARI COLLEGE OF ENGINEERING

Approved by AICTE, New Delhi.

Affiliated to the Visvesvaraya Technological University, Belagavi

Criterion: 7.1 Academic Year: 2016-2021

Environmental Policy: Faculty and staff along with students of RajaRajeswari College of Engineering is committed for the rules and follows the regulations of sustainable development.

The following are the keen areas of implementation.

- Effective utilization of solar energy by installing solar bulbs and solar water heater at girls and boys hostels.
- Giving proper awareness to the students and staff about sensible usage of water.
- To increase the digitalization in office and minimizing the pen-paper work.
- Using the garden waste as fertilizer to avoid chemical in campus environment.
- To reduce the sound pollution inside the campus area.
- To maintain plastic free campus.
- To nurture the Flora and Fauna, since it gives the natural feel in this concrete world.
- To bring in use the 'Rain Water Harvesting' on the campus.
- To maximize the use of ICT and minimize the use of paper. It will help to go towards 'Paperless Office'.
- To use the solid waste through vermin-compost on the campus and use it as a fertilizer.

1.5.3: CONSTITUTION FOR GREEN AUDIT:-

The Green Audit is carried out as per the environmental policy of the RRCE and Green audit checklist. The aim of the audit is to check the existing enactments and furnish the advice for the development of environmental policy and practice in the zone of:-

1. Waste Management (Solid waste management and E-waste management).
2. Water conservation and management,
3. Tree plantations
4. Bio-diversity and threatened/ endangered species preservations,
5. Energy use and conservations,
6. Eco-friendly campus,
7. Green environment and clean campus.

1.5.4: INTERNAL AUDITORS FOR GREEN AUDIT:-

Sr.No.	Name of Auditor	Designation
1	DR. Chandrashekar T, Principal, RRCE Bengaluru	Chairman
2	Dr. Balakrishna R, Dean, RRCE, Bengaluru	Member
3	Dr. D. C. Sharma, Professor, Dept of Civil Engg, RRCE, Bengaluru	Member
4	Dr. Savitha B, Assoc. Professor, Dept of Mathematics, RRCE, Bengaluru	Convener

1.5.5: WATER MANAGEMENT

Water management is the control and movement of water resources to minimize damage to life and property and to maximize efficient beneficial use. Good water management of dams and levees reduces the risk of harm due to flooding. Water resource management is the activity of planning, developing, distributing and managing the optimum use of water resources. It is an aspect of water cycle management.

1.5.6: ENERGY MANAGEMENT

DIESEL GENERATOR AND TRANSFORMER DETAILS

The RajaRajeswari College of Engineering has three Diesel Generator, three control panels and one transformer installed in the campus. The Diesel generator and transformer details and its capacity is given in detailed in the table mentioned below.

1.5.8: EXECUTIVE SUMMARY

The rapid urbanization and economic development at local, regional and global level has led to several environmental and ecological crises. On this background it becomes essential to adopt the system of the Green Campus for the institute which will lead for sustainable development.. Being a premier institution of higher learning, the college has initiated 'The Green Campus' program, that actively promote the various projects for the environment protection and sustainability. The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Environmental Policy adopted by the institution. It works on the several facets of 'Green Campus' including Water Conservation, Tree Plantation, Waste Management, Paperless Work, Alternative Energy and Mapping of Biodiversity. With this in mind, the specific objectives of the audit are to evaluate the adequacy of the management control framework of environment sustainability as well as the degree to which the Departments are in compliance with the applicable regulations, policies and standards. The criteria, methods and recommendations used in the audit were based on the identified risks.

The Green Audit is the process of accessing the environmental impact of an organization. It helps to know whether the institution is implementing eco-friendly and go green practices in the campus.

1. Report on Green Day Celebration - 'Go Green-The World is Clean' on 14/11/2016

RajaRajeswari College of Engineering Celebrated Green Day on 14/11/2016, Wednesday at RRCE campus. It's a great event focusing on the tidiness of environment to maintain the environment clean. The event was conducted in the presence of Dr. Balakrishna R, Principal, Heads of the Departments and all the faculties. To bring the positive changes in the college campus, Green club have taken major role in maintaining the environment clean and tidy.

Photo.1: Plantation near college campus on 14/11/2016
(General photographs were shown as per the earlier formats of NAAC)

In this event all Heads of Departments across the institution were participated. Also other faculty members and students across all departments were also participated. So we the group of RajaRajeswari College of Engineering-Green Club have taken the initiative to make our campus as Green and Clean by plantation.

2. Report on Green Day Celebration - 'Go Green, The World is Clean' on 23/04/2018

The annual Green day was celebrated on 23 April 2018 at RajaRajeswari College of Engineering in an instructive way where the students aware about the importance of green and how it positively effects in our lives. The campus buzzed with a series of activities like creative plantation, nature drawings, poster making etc.

Attractive charts and drawings were displayed in the office lobby and the highlight of this celebration was Creative plantation. It was done in waste things like plastic bottles, bowls, old shoes etc .Specially it gives an idea how to utilize our surroundings /small area beautifully with green.

As a part of the day plantation was done in the college premises. It was headed by the Principal Dr. R Balakrishna, Prof. Prabhakar and all Heads of the departments.

**3. Report on Green Day Celebration - 'Go Green, The World is Clean' on 01/07/2020**

RajaRajeswari College of Engineering Celebrated **Green Day** on 01/07/2020, Wednesday at RRCE campus. It's a great annual event focusing on the issues of environment and trying to solve them. The event had in attendance, Pricipal Dr. T Chadrashekar , Dean Dr. Balakrishna R, Heads of the Departments and all the Faculties. While conducting the event everyone followed the **preventive measures** of COVID-19. To bring the positive changes in the college campus Green club have taken good initiative step in **creative** way i.e., Recycling the waste things to usefull one,

Recycling: waste plastic paint buckets are converted as beautiful plant potters. Really it was very inspirational to everyone to make REUSE the things.

The event had in attendance, Heads of Departments across the faculties of the Institution.

Plantation: A small group of thoughtfull committed citizen can change the world. So we RRCE Green Club have taken the initiative to make our campus as Green Campus by plantation.

Photo.11: Recycling of waste paint buckets into plant potters on 01/07/2020

**4. Report on Green Day Celebration - 'Go Green, The World is Clean' on 06/08/2021**

RajaRajeswari College of Engineering celebrated Green day on 06/08/2021, Friday at RRCE campus. Go green is a step to conserve our nature and lead eco-friendly life, which will help us as well as nature to sustain the natural resources for future generations. A clean and green environment always calms our minds and helps us to reduce stress. While conducting the event, everyone followed the preventive Covid measures.

The event had in attendance, Heads of Departments across the faculties of the college. The committee was represented by the principal of RRCE, Dr. T Chandrashekar and faculties along with the all staff members.

Plantation: 'Let's nurture the nature so that we can have a better future', So we the group of RRCE Green Club have taken the initiative to make our campus as **Green and Clean**.

Photo.15: Plantation near college on green day celebration on 06/08/2021

(General photographs were shown as per the earlier formats of NAAC)

Medicinal Garden: The College has developed medicinal Garden in the campus to provide a valuable knowledge of various properties of medicinal plants to the students and staff. We know that many plants have medicinal properties but we never tried to plant it in our surroundings. It is well known from historic times there are a number of plants available nearby which cure effectively a lot of medical problems without side effects at a very low cost and at the same time

to enhance the understanding of students regarding importance of Nature. Keeping this in mind, the college developed a garden of medicinal plants and planted a variety of medicinal plants in the campus. Several plants like Holbasil, Bhirangaraj, Aloe vera, Bryophyllum, Turmeric, Catharantusroseus and many more were planted in order to support and appreciate the go green initiative.
