

## *Core Values in Institution*

### **Facilitating Social Responsibility:**

We are committed to bring up a culture that will inculcate a responsibility towards that Institution in all of its forms in everything that we do with integrity to benefit society and the environment by transforming and enriching lives.

### **Nurturing Students Knowledge Engagement and Application:**

We understand the importance of critical thinking, discipline and responsibility, and we expect the very highest standards of ourselves and our students. We are committed to developing learning and intellectual inquiry in all its forms and to develop the capacity for thoughtful reasoning.

### **Respect and celebrate diversity::**

We are committed to a culture of learning that challenges, inspires, liberates, and ultimately transforms the hearts, minds, and actions of individuals, eliminating prejudice. With a generosity of spirit, we value emotional intelligence as well as knowledge, empowering each other and enabling our students to realize their full potential. Firmly believe on *collective leadership*, work as integrated team with trust, collaboration and connectivity across our different disciplines and throughout the world.

## *Core Values in Institution*

### **Learning Powered by Technology**

The Learning process is powered by Technology. The institution will conceptualize and implement and review the digital intelligence and the mode of integrating the technology in teaching learning process. Institutions are permitting the students to study the course of his choice from online content. The course structure allows the students to earn 10% of total credits of the programme to learn powered by technology. This will support the students to nurture the digital intelligence and digital skill competence. In an era of knowledge exposition, the student even after graduating, should design lifelong learning strategies to be relevant in the profession.

### **Quest of Excellence:**

We are committed to impart in practice in excellence with the focus on promotion of equity, innovation, industry partnership by establishing centres of excellence, technology driven and industry and society oriented research. The institute facilitates faculty & support staff to work as a team and update their knowledge & skills to match the global industrial and technological development through defined objectives.
