About the Institution

Rajarajeswari College of Engineering (RRCE) was established in the year 2006 under the shelter of Moogambigai Charitable and Educational Trust (estd. 1992) with the sole object of establishing Institutions of higher education of exemplary stature in the state of Karnataka.

RRCE is approved by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgaum, and Karnataka. The Institute offers six UG Engineering courses (Civil, Mechanical, Electrical & Electronics, Electronics & Communication, Computer Science & Engineering and Information Science & Engineering).

About the CVE Department

The Department of Civil Engineering aims at fostering excellence in academics & research. Over the years it has trained students to be globally competitive and to advance the intellectual capacity of the nation and the international community. We envision our students to be globally recognized as leaders, innovators and competent professionals.

Department of Civil Engineering was established in the year 2009 with an intake of 60. Department has well qualified faculty to handle the specialized subjects and laboratories. All laboratories are well equipped and maintained as per the VTU curriculum. Civil Engineering is oldest Engineering discipline after military Engineering. It is traditionally broken into several sub disciplines including Environmental, Geotechnical, Structural, Transportation, Municipal or Urban, Water resource and Construction Engineering.

Topics Covered

Module 1: Introduction to Basic Commands in Etabs

Module 2: IS code Provisions for RCC and Steel Design

Module 3: Modelling , analysis and Design of 2D structural RC elements

Module 4: Modelling , analysis and Design of 3D RC structural elements

Module 5: Modelling, , analysis and Design of Steel structures

About RRCE

RajaRajeswari College of Engineering came into existence in 2006 with the objective of becoming a center of excellence in technical education. In less than a decade it has carved a reputation for itself as an institution that makes a positive difference in the lives of its students

Department of Computer Science & Engineering

Dept. of CSE was established in 2006 with an intake of 60. It has been raised to 120 in the year 2013-14 and now to 180 in the year 2015-16. CSE department is rich enough to organize and encourage Students, teaching & non-teaching staffs by conducting various events like workshops, Technical seminars, expert lectures, FDPs, industry visits and National/International conferences etc.

Institute Vision

To provide an open opportunity to young generation for evolving their core competencies helping them to build their career as Global professionals to be an Autonomous Institution by achieving excellence in the field of higher education.

Institute Mission

To consistently strive for Academic Excellence to become a leading Institution in the field of Engineering, Management and Research to produce competent and ethically sound manpower for the benefit of Industry, Society, Nation and the Global Environment.

Objective and Scope

Artificial Intelligence is a way of making a **computer, a computer-controlled robot, or a software think intelligently,** in the similar manner the intelligent humans think. AI is accomplished by studying how human brain thinks, and how humans learn, decide, and work while trying to solve a problem, and then using the outcomes of this study as a basis of developing intelligent software and systems.

- The objective of the FDP is to introduce fundamentals of data mining and machine learning & AI with real-time applications.

- This FDP will be a very useful platform for faculty and researchers to update their knowledge

- This FDP also focuses on exploring various research opportunities and challenges in the field of machine learning, AI and its applications.

- Learn the various aspects of data handling and how information can be extracted from data.

Topics to be covered

a) Introduction to Artificial Intelligence

b) Getting Started with Machine Learning using Python
  i. NumPy
  ii. Pandas
  iii. Matplotlib
  iv. Scikit-learn
  v. SciPy
  vi. TensorFlow
  vii. Keras
  viii. PyTorch

c) Machine learning algorithms
  i. A* Search algorithm.
  ii. AO* Search algorithm.
  iii. Candidate-Elimination algorithm.
  iv. ID3 algorithm.
  v. Backpropagation algorithm.
  vi. Naïve Bayesian classifier.
  vii. EM algorithm and k-Means algorithm.
  viii. K-Nearest Neighbor algorithm.
  ix. Locally Weighted Regression algorithm

d) Applications of AI/ML

e) Covering VTU syllabus 18CSL76 - Artificial Intelligence and Machine Learning Laboratory.

Resource Persons

Dr. Pethuru Raj, Chief Architect, Reliance Jio Platforms Ltd, Bengaluru, Karnataka.

Industry Persons from Tequed Labs Bengaluru, Karnataka.

Who CanParticipate

Faculty members of UGC/AICTE recognized Universities and Engineering colleges all over India, Research scholars (PhD only), students and Industry personals; however priority will be given to the faculty members.

Skill Development workshop
on
Fuzzy logic toolbox

Department of Electrical and Electronics Engg.
RajaRajeswari College of Engineering
Kumbalagodu, Mysore road, Bengaluru-560074

Course Outcome:

● Will understand the increasing need for flexibility and adaptivity in computerized systems, and the application of fuzzy expert systems.

● Fuzzy logic expert systems often improve performance by allowing knowledge to generalize without requiring the knowledge engineer to anticipate all possible situations.

● Thus, for many types of applications, "soft computing" such as Fuzzy logic can incur lower overhead in terms of representing and engineering task knowledge.

RAJARAJESWARI COLLEGE OF ENGINEERING (RRCE)

ABOUT THE INSTITUITION

Rajarajeswari College of Engineering (RRCE) was established in the year 2006 under the shelter of Moogambigai Charitable and Educational Trust (estd. 1992) with the sole object of establishing Institutions of higher education of exemplary stature in the state of Karnataka.

RRCE is approved by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgaum, and Karnataka. The Institute offers six UG Engineering courses (Civil, Mechanical, Electrical & Electronics, Electronics & Communication, Computer Science & Engineering and Information Science & Engineering) and five PG courses Viz. M.Tech (Digital Electronics and communication, Thermal Engineering and Computer science & Engineering), MBA & MCA. RRCE has four R&D centers. All the Departments have qualified staff and well equipped laboratories with state of the art equipment. The college has library and information center with very good collection, computer centers and sports facilities along with other amenities. The college is located by the side of Bengaluru - Mysore road and is 18km from Bangalore City Railway Station.

ABOUT THE DEPARTMENT

The Department of Electrical & Electronics Engineering was established in the year 2006.The department is offering UG course in EEE. The department has experienced and well qualified senior Professors and dynamic faculty members.EEE department is highly dynamic in organizing various events like workshops, Technical seminars, expert lectures, FDPs and industrial visits etc for the benefit of staff and students. Department has well equipped laboratories.

OBJECTIVE OF THE COURSE

Fuzzy Logic Toolbox™ provides MATLAB® functions, apps, and a Simulink® block for analyzing, designing, and simulating systems based on fuzzy logic. The product guides you through the steps of designing fuzzy inference systems. Functions are provided for many common methods, including fuzzy clustering and adaptive neuro fuzzy learning.

The toolbox lets you model complex system behaviors using simple logic rules, and then implements these rules in a fuzzy inference system. You can use it as a stand-alone fuzzy inference engine. Alternatively, you can use fuzzy inference blocks in Simulink and simulate the fuzzy systems within a comprehensive model of the entire dynamic system.

The Skill development workshop will be held from 14th -18th February, 2022 2021(10:00 am to 4:00 pm) at EEE CAED Lab, RRCE, Bengaluru-560074.

Participants:

Students who are interested in knowing the fundamentals of Fuzzy logic toolbox are invited to participate in the Course.

4. Event Duration: 10.00 AM to 04.00 P.M, 14th -18th February, 2022

5. Organizing Committee: Dr.T.Chandrashekar, Principal, RRCE, Dr.R.Balakrishna, Dean, RRCE Dr. S Usha, Dean Research, HOD (CSE)

6. Target Participants: EEE students (45Participants)

7. Topics covered:

- ❖ Introduction to fuzzy logic & fundamentals
- ❖ Designing logic and membership function
- ❖ Building system with FL toolbox
- ❖ Fuzzy logic working in Simulink
- ❖ Case Study
    - ▪ 1- Water level controller
    - ▪ 2- Washing machine control

RAJARAJESWARI COLLEGE OF ENGINEERING (RRCE)

ABOUT THE INSTITUITION

Rajarajeswari College of Engineering (RRCE) was established in the year 2006 under the shelter of Moogambigai Charitable and Educational Trust (estd. 1992) with the sole object of establishing Institutions of higher education of exemplary stature in the state of Karnataka.

RRCE is approved by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgaum, and Karnataka. The Institute offers six UG Engineering courses (Civil, Mechanical, Electrical & Electronics, Electronics & Communication, Computer Science & Engineering and Information Science & Engineering) and five PG courses Viz. M.Tech (Digital Electronics and communication, Thermal Engineering and Computer science & Engineering), MBA & MCA. RRCE has four R&D centers. All the Departments have qualified staff and well equipped laboratories with state of the art equipment. The college has library and information center with very good collection, computer centers and sports facilities along with other amenities. The college is located by the side of Bengaluru - Mysore road and is 18km from Bangalore City Railway Station.

ABOUT THE DEPARTMENT

The Department of Electrical & Electronics Engineering was established in the year 2006.The department is offering UG course in EEE. The department has experienced and well qualified senior Professors and dynamic faculty members.EEE department is highly dynamic in organizing various events like workshops, Technical seminars, expert lectures, FDPs and industrial visits etc for the benefit of staff and students. Department has well equipped laboratories.

OBJECTIVE OF THE COURSE

The programme also intends to develop the knowledge of participants to familiarize the recent update in Matlab. To acquaint the participants about the powerful capability of MATLAB as a language of Technical computing for the modelling and simulation of various mechanical systems. ¬ To impart knowledge to the students as an end user such that they can enhance their soft skills to be able to cope up the technological changes and challenges taking place in the modern world. ¬ To increase their employability by further strengthening their problem solving skills by improving knowledge of mathematics and physics.

The Skill development workshop will be held from 15th November 2021 to 19th November 2021(10:00 am to 4:00 pm) at EEE CAED Lab, RRCE, Bengaluru-560074.

Participants:

Students of all streams who are interested in knowing the fundamentals of Matlab are invited to participate in the Course.

Registration fees: Nil

Limited seats are available. On first come first serve basis.

Circular

Date: 22-10-2021

All the fifth semester students are hereby informed that the Information Science and Engineering department is organizing a "CYBERSECURITY" certification program from 26-10-2021 to 30-10-2021. All the students are encouraged to attend the program.

Head of the Department

Department of Information Science and Engineering

Work shop on "Cyber Security on Networks"

Program Report

Date:01/11/2021

Duration : 5 days

No. of Participants: 40

Program objectives:

To give knowledge and hands on experience on

To know about the Cyber security a while providing them with an opportunity to improve their

Knowledge for future works.

Event date and duration:26/10/21 to 30/10/21 and 5 days

Program outcomes:
- Analyze and resolve security issues in networks and computer systems to secure an IT infrastructure.

- Design, develop, test and evaluate secure software.

- Develop policies and procedures to manage enterprise security risks.

- Evaluate and communicate the human role in security systems with an emphasis on ethics, social engineering vulnerabilities and training.

- Interpret and forensically investigate security incidents.

About the Institution

Rajarajeswari College of Engineering (RRCE) was established in the year 2006 under the shelter of Moogambigai Charitable and Educational Trust (estd. 1992) with the sole object of establishing Institutions of higher education of exemplary stature in the state of Karnataka. RRCE is approved by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgaum, and Karnataka. The Institute offers six UG Engineering courses (Civil, Mechanical, Electrical & Electronics, Electronics & Communication, Computer Science & Engineering and Information Science & Engineering) and five PG courses Viz.

About the ISE Department

The Department of Information Science and Engineering aims at fostering excellence in academics & research. Over the years it has trained students to be globally competitive and to advance the intellectual capacity of the nation and the international community. We envision our students to be globally recognized as leaders, innovators and competent professionals.

The department has more than 12 teaching, non-teaching & supporting staffs). The current intake of the department for BE is 60. The department has a VTU recognized research center with full-time and part-time Ph.D. students pursuing research in areas like High Performance Computing, Data Mining, Cloud Computing, Sensor Networks, Adhoc Networks and Machine Learning.

Trust:

Moogambigai Charitable and Educational Trust, established in the year 1992 with the sole objective for starting institutions of higher education of exemplary stature in the state of Karnataka.

In furtherance of this objective, the trust has been establishing institutions of higher learning and presently, the trust is running 7 institutions in Karnataka and 19 institutions in Tamil Nadu in the field of Medical, Dental, Nursing, Engineering and Management.

Institute:

RajaRajeswari College of Engineering (RRCE), established in the year 2006 is recognized by AICTE, New Delhi and is affiliated to Visvesvaraya Technological University (VTU), Belgaum, Karnataka. The Institute offers six UG courses (Civil, Computer Science, Information Science, Mechanical, Electronics & Electrical Engineering) and Five PG courses Master of Technology, Master of Business Administration & Master of Computer Applications. All the Departments have well qualified staff and well equipped laboratories, library, computing and sports facilities along with other amenities. The college is located at a distance of 18kms from Bangalore City Railway Station on Mysore road.

Objectives of Program

Understand the core concepts of SAP MM
Learn about Plant – This is a location where inventory items can be stored. Companies can store their financial transactions and maintain them
Learn about Storage Locations – This is the physical location where the stock is kept
Learn about Purchase organization – This unit contains the data related to purchase orders and pricing. This makes the acquisition of goods cost-effective

Course content

Implementation, and management information that consists of several mechanism and sub-components prominently including Master Data, Purchasing, and Inventory, Evaluation of Materials, Consumption-based planning, and Invoice Verification. In the beginning of the SAP MM training, there is an overview of the ERP system, SAP tools, navigation, enterprise structure.

Who can Attend?

UG and PG students of Mechanical, Civil, Electrical and Electronics Engineering.
