DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
NEWSLETTER
TECHNISHAD

Vision

To emanate as a prime source of technical education in the field of engineering.

Mission

The department of CSE will provide transformative education and research to create, contribute innovators and leaders for society and industry.

A.C.Shanmugam.,B.A.L.L.B, FIMSA, FRCPS (Glasgow, U.K)Chairman,RajaRajeswari Group of Institutions

It is my pleasure to congratulate you on your interest for enrolling yourself as a student in our group of Institutions, which are well known for the discipline, quality education and personality development. Our students have excelled not only in academic activities by obtaining university ranks but also have proved their mettle by taking part in Curricular, Co-curricular and extracurricular activities. Presently, a knowledge explosion is being ushered in our midst especially in information technology. We are working with a vision of the future of India, to bring about progressive changes in Science, Engineering & Technology which will bring progress and prosperity to our country. We are convinced that "Character is the crown and glory of life". We believe in quality education, progress through discipline, knowledge through devotion and satisfaction through service to the student community. We are dedicated to meet the challenges of the new millennium in the field

It

Dr. Usha S Professor, & HoD CSE,Dean Research, RRCE.

It's my privilege to welcome you all to the Dept. of Computer Science & Engineering at RajaRajeswari College of Engineering, Bangalore. The Department has recorded consistent improvement in its academic, research and placement performance. The Department believes in improving quality education to make every student competent and socially responsible. The Department has full-fledged laboratories with latest software's and Systems which support the curriculum. The Department organizes programmers for Student Development, Faculty Development including Personality Development Camp, Soft Skills, National Level Technical Symposium, International Conferences, Workshops and Hands -on -Training on a regular basis in order to service the students for their contribution to industry and society. The department seeks to combine excellence in education and research to meet current needs of industries. Our mission is to create high quality professionals in Computer Science & Engineering and to foster leading edge research.
