Seminar Report

Title of the Seminar: *Prototype/Process Design and Development*

Date: 27th March 2025

Time: 11:00 AM – 12:30 PM

Venue: Aryabhata Seminar Hall, RRCE

Organized by: Department of CSD & RRIIC

Introduction:

The seminar on "**Prototype/Process Design and Development**" was organized to provide students and faculty with insights into the importance of prototyping in the innovation and product development process. The session aimed to educate attendees on best practices, challenges, and methodologies involved in designing and developing prototypes.

Resource Person:

The session was conducted by **Mr. Lokesh**, an esteemed mentor at **IIC, RRGI**, and the **Founder & Startup Consultant** at **Agasthiya Academy, Bangalore**. With extensive experience in startup consulting and innovation, he provided practical knowledge on various aspects of prototyping.

Key Takeaways from the Seminar:

- Importance of **prototyping** in product development.
- Different **stages of process design** and iteration.
- Challenges faced in **prototype development** and how to overcome them.
- Industry practices and real-world examples of successful prototypes.
- Q&A session where students actively participated in discussions.

Conclusion:

The seminar was highly informative and beneficial for students and faculty alike. Mr. Lokesh's expertise helped in understanding the significance of process design in the real-world industry. The event concluded with a vote of thanks, appreciating the efforts of all involved.

Overall, the seminar was a great success and an enriching learning experience for all participants.
