About the Speaker

Dr. JAYASIMHA S R

Speaker Description

Dr. Jayasimha S R is an Associate Professor in the Department of MCA at JSS Academy of Technical Education, Bengaluru (JSSATEB). He holds a Ph.D. in Computer Science from Visvesvaraya Technological University (VTU), awarded in 2020, with research focused on energy-efficient algorithms for cloud computing. With over a decade of teaching and research experience, he previously served as an Assistant Professor at R.V. College of Engineering and as a Lecturer at Sambhram Institute of Technology. His academic background includes M.Tech and M.C.A. from VTU and a B.C.A. from Bangalore University. Dr. Jayasimha has contributed extensively to research through journal publications, book chapters, and conference presentations. His areas of interest include cloud computing, mobile applications, and algorithm design. He is also the author of a book titled Analysis and Design of Algorithms 2005-2008 BCA @KLE College

Speaker Name: Dr. JAYASIMHA S R

Speaker Qualification: ME

Designation: Associate Professor, Dept. of MCA, JSSATE, Bengaluru.

Work Experience: 10 years

Workshop Overview

The hands-on workshop focused on introducing students to the core concepts of Cloud Computing with a special emphasis on Amazon Web Services (AWS). The session included both theoretical background and practical demonstrations using the AWS Console.

Topics covered:

- Introduction to Cloud Computing & its service models (IaaS, PaaS, SaaS)
- Overview of AWS Global Infrastructure
- Launching and configuring EC2 Instances
- S3 Buckets – Storage on the Cloud
- IAM (Identity and Access Management) Basics
- Overview of AWS Lambda and Serverless Computing
- Practical Demo on Hosting a Website on AWS

Student Observations:

- 1. Engagement & Participation:**
 - Students were highly engaged, especially during the hands-on segments.
 - They showed active participation in Q&A sessions and troubleshooting exercises.
 - Group collaboration was observed during tasks requiring peer-to-peer support.
- 2. Understanding of Concepts:**
 - Most students grasped the foundational concepts of cloud computing.
 - Some students showed difficulty in understanding pricing models and IAM roles, which was later clarified with examples.
 - Students demonstrated the ability to independently launch and manage EC2 instances.
- 3. Skill Development:**
 - Students gained practical experience with AWS Console and services.
 - They developed basic skills in cloud resource deployment and management.
 - Some students took initiative to explore additional services like RDS and CloudWatch.
- 4. Challenges Faced:**
 - Initial login and configuration issues with AWS accounts.
 - Internet connectivity inconsistencies affected smooth access to the AWS Console for a few students.
 - Some students were new to Linux CLI used in EC2 instances and required additional guidance.
- 5. Feedback from Students:**
 - Most students rated the workshop as "Very Helpful".
 - Requests were made for more frequent and advanced-level cloud workshops.
 - Students appreciated the real-time examples and hands-on experience.

Conclusion:

The workshop was a valuable experience for students, offering them foundational and practical exposure to cloud computing via AWS. It bridged the gap between theoretical knowledge and industry-relevant skills. Overall, the session successfully met its learning objectives and inspired interest in cloud technologies among participants.
