Slow Learner

Under the guidance of Dr.Rajesh K.S HOD, Department of Artificial Intelligence and Machine Learning, Class in-charges, mentors and subject experts, we have identified the slow learners in our department from second year, with the following strategies for the academic year 2024-2024 even semesters:

- Based on the performances in Internal Test and University examination
- Lack of concentration and difficulty in remembering concepts.
- Time management and worst presentation in examination.
- Parents meeting
- Student counselling.
- Tough subjects with more number of failures are identified.

Meeting Report

Under the guidance of Dr. Rajesh K.S HOD, Department of Artificial Intelligence and Machine Learning, Class in-charges, mentors and subject experts, we have identified the slow learners in our department from third year, with the following strategies for the academic year 2024-2025 Even semesters:

Grievances and points Discussed:

- Tough subjects (more number of failures) are listed for previous year.

SL.No	Subject Name	Semesters
1	Cloud Computing And security	VI Sem
2	Machine Learning	

Actions Plans:

1. Guiding them to overcome the academic difficulties (subjects in which they are lagging) by interacting with the concern faculties and the same is informed to the faculties.
2. Tips and ideas to prepare in the exam point of view and memorizing tips. (Medication, remembering through correlation).
3. Students are asked to meet the concern staff members to seek help regarding their common backlog subjects, the same is conveyed to faculties.
4. Students are counselled through mentors with personal and academic difficulties, to overcome the backlogs and their performances in the future.
5. Parents are informed with performances of their wards and going slow learner's classes.
6. Second year students are advised to consult department of mathematics and it is also decided to conduct extra coaching classes in weekends, after consulting with department of mathematics.
7. Revision for the requested subject is done by the subject experts during leisure hours(for entire syllabus).
8. Readdressed the time management policies are clearly mentioned with a mock test.
9. Mock tests are framed based on previous year question papers (5 years Question papers).
10. Readdressed the choice of answering a question and how to represent it in the paper has been discussed by the individual faculties (based on the problematic, programming and theory papers).

Grievances and points Discussed:

- Tough subjects for the semester.

Actions Plans:

1. Guiding them to overcome the academic difficulties (subjects in which they are lagging) by interacting with the concern faculties and the same is informed to the faculties.
2. Tips and ideas to prepare in the exam point of view and memorizing tips. (Medication, remembering through correlation).
3. Students are asked to meet the concern staff members to seek help regarding their common backlog subjects, the same is conveyed to faculties.
4. Revision for the requested subject is to done by the subject experts during leisure hours(for entire syllabus).
5. Readdressed the time management policies are clearly mentioned with a mock test.
6. Readdressed the choice of answering a question and how to represent it in the paper has been discussed by the individual faculties (based on the problematic, programming and theory papers).

Slow Learner Report

Under the guidance of Dr. Sreenivasa Murthy V HOD, Department of Information Science & Engineering, Class in-charges, mentors and subject experts, we have identified the slow learners in our department from 3rd year, with the following strategies for the academic year 2024-2025 even semesters:

- Based on the performances in Internal Test and University examination
- Lack of concentration and difficulty in remembering concepts.
- Time management and worst presentation in examination.
- Parents meeting
- Student counselling.
- Tough subjects with more number of failures are identified.
