### Heritage Walk with Craft - 2K25

1. Type of Event : **Heritage walk with craft**

2. Event Name : **“Craft Presentation”**

3. Date of Organization: **Wednesday, 26<sup>th</sup> November 2025**

4. Event Coordinator: 1. Prof. Prutha G

2. Prof. Kiruthika K

**5. Outcome of the Event:**

The event was conducted Afternoon on 26<sup>th</sup> of November, 2025 where 3<sup>rd</sup> year Electrical and Electronics Engineering students took part for the event Craft Presentation.

Art is typically more focused on aesthetic expression, using media like painting, sculpture, photography, and digital mediums to convey an artist's perspective, emotion, or commentary. Fine art, for instance, is often meant to provoke thought or convey a deeper meaning rather than serve a functional purpose.

- **Craft:** Craft focuses on creating items that are both beautiful and functional, often through skilled techniques passed down through generations. Examples include pottery, weaving, quilting, and woodworking. Craft emphasizes hands-on skills and often involves specific materials and traditional methods.
- **Cultural Significance:** Art and craft often reflect cultural identities and values. In many societies, traditional crafts symbolize heritage and tell stories passed down through generations. For example, Native American pottery patterns reflect tribal histories, while Indian embroidery and fabric designs showcase regional diversity and traditions.

6. All the students from 3<sup>rd</sup> year students – 62 participated in the event very actively made the Heritage walk and craft a grand success.
