## Department of Management Studies

### Profile

**C S Sudheer**

Founder & CEO at factori.com, Founder of IndianMoney.com & ffreedom app (acquired by Boss Wallah)

Mr. Sudheer started his entrepreneurial journey at the age of 9 when he started selling milk, and by the time he was 17, he was running a successful dairy farm & a brick factory. He comes from a remote village in Karnataka where they got electricity when he was in 7th Standard. His enthusiasm to pursue entrepreneurship made him a below-average student in Studies, and he scored 40.32% in his 10th Class.

Right after his 12th, he moved out of his village to Shimoga Town to pursue his graduation, and that's when he started focussing on his studies. He developed two projects during his graduation, 'Gram Vikas' to advocate the need for creating self-employment & seasonal employment opportunities in rural India and 'Vision for Indianisation of the Indian Soft Drink Industry' to promote domestic soft drink companies. He was Kuvempu University's topper upon graduation with an 84% aggregate score across all semesters.

In 2006, Sudheer moved to Bangalore to prepare for his MBA entrance exam and took up a job alongside. He got into selling insurance by chance, but he was the top sales guy in his branch and was earning handsome money. Though he was happy with his income, the rampant misselling practices in the Insurance Industry were bothering him.

In April 2008, Mr. Sudheer met an auto driver who was cheated by an Insurance agent in the name of an Investment Plan. He decided to leave his corporate job to start a Financial Education Company, IndianMoney.com, at 22. It was started as a Financial Education Company to provide on-call financial advice to people while purchasing financial products.

By 2019, IndianMoney.com was India's largest financial education company with over 9 million customers & 600 employees. But his thirst for building a global enterprise made him explore building an app-based financial education platform. He decided to launch the 'Financial Freedom Workshop' to pilot the new business model. The workshop was conducted to train people on the four things they do with money - Save, Spend, Invest & Borrow. He conducted 28 workshops from the 3rd of November 2019 to the 6th of March 2020 and personally met 7000 people. This is when he learned that people are keener to learn "how to make enough money for living" than "money management" and decided to upgrade the company from just a Financial Education Company to a Livelihood Education Company.

ffreedom app, launched on the 20th March of 2020, is India's largest livelihood education app with over 820+ courses on Farming, Small Businesses & Personal Finance, serving over 8 million users.
