Conclusion

The *Student Development Program* on “**Industry-Focused Training Programs in Full Stack Development – AI and No-code/Low-code Technologies**”, organized by the **Department of Computer Science and Design**, Rajarajeswari College of Engineering, from **8th to 13th October 2025**, concluded successfully.

The sessions conducted by **Mr. Sankar K**, CEO of **Tekzow and Tekzow Academy**, Bengaluru, provided students with in-depth knowledge and hands-on training in full stack development and emerging technologies. The program emphasized practical learning through AI tools, no-code, and low-code platforms, thereby bridging the gap between academic curriculum and industry requirements.

The five-day training enhanced the students’ technical skills, problem-solving abilities, and overall confidence to take on real-world software development challenges. It also inspired them to pursue innovative projects and explore new technological trends.

The department expresses heartfelt gratitude to the management, **Principal Dr. R. Balakrishna R**, **HoD Dr. Selvi M**, and **Event Coordinator Mrs. A. Rubithra**, **Assistant Professor**, for their guidance, coordination, and continuous support in organizing the program successfully.
