Represented by: Karthiganesh Durai, Founder & CEO

Date: 02.07.2025

1. **Purpose of the MoU:**

The purpose of this Memorandum of Understanding (MoU) is to establish a framework for collaboration between the KWANTUMG RESEARCH LABS PRIVATE LIMITED

(Hereinafter referred to as KWANTUMG) and the Department of CSE, Rajarajeswari College of Engineering Bangalore

(Hereinafter referred to as "CSE-RRCE") for the provision of training and research support to their respective community members.

2. **Scope of Collaboration:**

The parties agree to collaborate on the following activities:

a. Providing training programs in quantum computing.

b. Conducting joint research projects and initiatives.

c. Sharing resources, expertise, and knowledge in the field of quantum computing.

d. Organizing workshops, seminars, and conferences for community members.

3. **Roles and Responsibilities:**

a. **CSE-RRCE**

i. Provide access to its network of experts and professionals in quantum computing.

ii. Facilitate the promotion of training programs and research initiatives conducted by the Bengaluru Organization among its members.

iii. Collaborate in the development of joint research projects and initiatives.

b. KWATUMG:

i. Develop and deliver high-quality training programs in quantum computing.

ii. Offer research support and resources to members of the RRCE.

iii. Coordinate with the RRCE to organize joint events and activities.

4. Resource Sharing:

The parties agree to share relevant resources, including but not limited to:

a. Training materials and curriculum.

b. Research facilities and equipment.

c. Expertise and knowledge.

d. Access to networks and contacts in the field of quantum computing.

Here is the list of various offers from us.

No	Type	Title	Description	Benefits
1	Short Session	Introduction to Quantum Computing	An introductory session covering the basics of quantum computing principles and applications.	Provides a foundational understanding of quantum computing.
2	Value Added Course	Quantum Algorithms	A detailed course on various quantum algorithms and their implementation.	Enhances knowledge of quantum algorithms and problem-solving skills.
3	Value Added Course	Quantum Machine Learning	A comprehensive course on the integration of quantum computing with machine learning techniques.	Equips participants with skills to apply quantum computing in ML.

4	**Weekly workshop**	**Train the Trainer**	**A workshop aimed at training educators and professionals to teach quantum computing concepts.**	**Prepares trainers to effectively teach quantum computing.**
5	Short term workshop	Quantum Algorithms	A focused workshop on practical aspects and applications of quantum algorithms.	Provides hands-on experience with quantum algorithms.
6	Short term workshop	Quantum Machine Learning	An intensive workshop on the fundamentals and applications of quantum machine learning.	Offers practical insights into quantum machine learning.
7	Semester course	Quantum computing Introduction	A semester-long course covering in-depth topics of quantum computing, including theory and practice.	Develops a thorough understanding of quantum computing concepts.
8	Semester course	Quantum Machine Learning	A semester-long deep dive into quantum computing applications in machine learning.	Provides advanced knowledge and practical experience in quantum ML.

5. Strategic Partnership for Cutting-Edge Quantum Computing Syllabus Design:

Support in developing comprehensive course modules, prepare high-quality learning materials, and ensure the curriculum is aligned with the latest industry trends.

6. Confidentiality:

The parties recognize the importance of confidentiality in their collaboration and agree to maintain the confidentiality of any proprietary information or trade secrets shared during the course of their collaboration.

7. Duration of Collaboration:

This MoU shall come into effect on the date of signature by both parties and shall remain in force for a period of 3 Years, unless terminated earlier by mutual agreement in writing.

BACKGROUND

Trident Techlabs Limited is a technology-driven venture providing engineering services and solutions to industry and engineering institutes working in electronics, electrical, mechanical, instrumentation engineering and information technology. Since its inception in year 2000, Techlabs has been active in the field of technical education and have pioneered the advent of such training techniques which help students develop awareness for emerging technologies and engineering practices. They serve through a nationwide office network and their customer-base includes huge engineering colleges who use their products or services or both. Techlabs works with progressive engineering colleges as their industrial partner and develops such innovatively-designed training programs which deliver clear concepts on current state of technology in different areas.

RajaRajeswari College of Engineering: RajaRajeswari College of Engineering came into existence in 2006 with the objective of becoming a centre of excellence in technical education. In less than a decade it has carved a reputation for itself as an institution that makes a positive difference in the lives of its students. Located off the Bangalore – Mysore highway, the college campus is a space devoted to offering the very best in terms of learning. The college is approved by the AICTE – New Delhi, affiliated to VTU, Belagavi and Govt. of Karnataka. Accredited By NBA (CSE, ECE, ISE), NAAC with 'A+' Grade& International Accreditation by HLACT, Texas, UK.

Objective of the MOU: The objective of this MOU between Department of Electronics and Communication Engineering, RajaRajeswari College of Engineering and Techlabs would be to promote and enhance skill development activities /Project Works of the students of RajaRajeswari College of Engineering, implementation of Projects and Research & Developmental activities in the domain of RF and Antenna .It is an industry-academia collaboration which is both way beneficial in terms of knowledge development. This MOU is totally a nonfinancial contract and non-binding in nature.

MEMORANDUM OF UNDERSTANDING

BETWEEN

DEPARTMENT OF PHYSICS, RAJARAJESWARI COLLEGE OF ENGINEERING, BANGALORE, KARNATAKA, INDIA

AND

DEPARTMENT OF CHEMISTRY, PAYYANUR COLLEGE, PAYYANUR, KANNUR, KERALA, INDIA

This memorandum of understanding (hereinafter referred to as the MoU) is made and entered into this 7th day of March 2016.

BETWEEN: Department of Physics, Rajarajeswari College of Engineering, Bangalore, Karnataka, India

AND: Department of Chemistry, Payyanur College, Payyanur, Kannur, Kerala, India

(RRCE and PC are collectively referred to as the "Parties" and individually as the "Party"

WHEREAS:

A RRCE under RajaRajeswari Group of Institutions (RRGI), Bangalore, India, a private higher learning institution. The college is approved by All India Council for Technical Education, New Delhi and Govt. of Karnataka & affiliated to Visvesvaraya Technological University (VTU), Belagavi, Karnataka.

B Payyanur College, Payyanur is a Post Graduate College situated at Edat, in Kunhimangalam Panchayat and affiliated to Kannur University. It is one of the very few sought after institutions of higher education and learning under the jurisdiction of the Kannur University. From the moment of its inception fifty four years ago, the college has been functioning as an outstanding, secular centre of academic excellence. Payyanur College was inaugurated by its Chief Patron Vyaghram S. Sivaramakrishna Iyer on the 15th of July 1965. The Payyanur Educational Society which owns the college is a non-communal, non-partisan registered society of over two thousand members.

C The Parties desire to establish a collaboration to enhance their respective scientific, technical and engineering competencies as detailed out in Clause 1 of Scope. (hereinafter referred to as the Collaboration)

D The parties have accordingly agreed to enter into this MoU to outline the understanding of the parties in relation to the scope of the collaboration and the respective rights and responsibilities of the parties thereto.

NOW THEREFORE, the Parties hereby agree as follows

1. SCOPE OF THE COLLABORATION

1.1 The Parties shall, at their discretion hereto, collaborate in the following areas

1.1.1 Student exchange program at either institution as part of the initiative on sharing of knowledge and expertise

1.1.2 Joint research and development activities or project which may include sharing of facilities and equipment and matching of research grants

1.1.3 Joint publications of research outcomes, exchange of publications, academic materials and other information

1.1.4 Any other activities that the Parties deem mutually beneficial In the event the Parties mutually agree to pursue any of the abovementioned activities, a separate written document shall be entered into to detail out the roles and obligations of the Parties.

Each Party shall use all means reasonably available to it subject to ordinary budgetary and financial constraints so as to ensure successful implementation of t the Collaboration and the Parties shall use their best endeavor to collaborate in good faith to the best interest of all Parties.

2. CONFIDENTIALITY

2.1 The Parties agree that the Collaboration may involve the disclosure of certain confidential information of the Parties respectively. For the purpose of this MoU, the term "Confidential Information refers to any and all information including but not limited to information pertaining to curriculum, courses, syllabus, teaching materials, research activities and technical information made available by a Party ("Disclosing Party") to the other Party ("Receiving Party") during the course of the Collaboration All Confidential Information shall be marked or identified as "CONFIDENTIAL in writing and in a conspicuous manner at the time it is disclosed to the Receiving Party.

2.2 The Receiving Party hereby covenants to keep in strict confidence all Confidential Information and undertakes not to divulge or disclose the Confidential Information to any third party without specific written permission of the Disclosing Party. The confidentiality obligations hereunder shall not apply to the Confidential Information.

3. INTELLECTUAL PROPERTY

3.1 For the purpose of this MoU, Intellectual Property Rights shall include all data, specifications, materials, research activities and technical information solutions, drawings, know-how and technical information developed, obtained,

created, written, prepared or discovered, whether patentable nor not, arising from the Collaboration or otherwise brought into existence pursuant to this MoU.

4. DURATION, TERMINATION AND WITHDRAWAL

4.1 Duration

a. This MoU shall come into effect upon signing by the Parties and remain in force for a period of five (5) years. The Parties may, by a three (3) month written notice to the other before expiry of the MoU, apply to extend this MoU on mutually agreed terms failing which this MoU shall lapse and shall be of no further effect and neither Party shall have any further claims against the other thereafter.

b. Without prejudice to the provisions in (a) above, the Parties may in the course of implementation of the terms of this MoU, execute a formal Collaboration Agreement or any other such written agreements in respect of any developments and/or expansion to the scope of the collaboration arising from the MoU

4.2 Termination and Withdrawal from the MoU

a. Either Party may terminate or withdraw from this MoU for any reason whatsoever by providing to the other Party a three (3) month written notice of its intention to terminate or withdraw from this MoU.

b. Upon termination of this MoU, neither Party shall be liable to the other in respect of any claims, damages, costs or expenses of any nature except for those rights arising from Clause 2 herein before provided.

5. COST AND EXPENSES

5.1 Each Party shall bear its own costs and expenses incurred in preparing, executing and implementing the collaboration under this MoU.

5.2 Each Party shall bear its own solicitor's costs in the preparation and stamping of this MoU.

6. DISCLAIMER

Each Party shall be solely responsible for its own acts and omissions (and the acts and omissions of its directors, employees, consultants and other agents) and no Party shall have the authority nor shall it purport to act for, or legally bind, the other Party in a transaction with a third party except as authorized in writing by the Parties.

7. DISPUTE RESOLUTION

7.1 This MoU shall be governed by and construed in accordance with the laws of both the nation i.e, India & Thailand.

7.2 Any and all disputes, controversies and conflicts between or among the parties arising out of or relating to or in connection with this MoU and the performance or non-performance of the rights and obligations set forth herein shall to arrive at a mutual and amicable settlement failing the parties here by expressly negotiated agreed that where the cause of action arose shall have exclusive jurisdiction to entertain any suit arising out of or in connection with this MoU and laws of both the countries shall apply.

8. RELATIONSHIP OF THE PARTIES

Nothing contained in this MoU shall be construed as establishing or creating between the Parties a relationship master-and-servant or of principal-and-agent. The relationship between the Parties shall be that between equal independent contractors.

9. NON-BINDING OBLIGATIONS

9.1 The Parties do hereby agree, declare, covenant and undertake that this MoU outlines the understanding between the Parties with regard to the subject matter herein and may be subject to change or variation at the absolute discretion of the Parties herein, in the course of implementation of the collaboration, provided always that such discretion is exercised only upon mutual consent of the Parties

9.2 The Parties do further hereby agree, declare covenant and undertake that except where it is specifically provided herein, the MoU is not intended to create any legal obligations and shall not be legally binding on the Parties hereto.

10. NAME, OFFICIAL EMBLEM AND LOGO

10.1 Neither Party shall use, nor permit any person or entity to use the name, acronym, official emblem, logo trade mark (or any variation thereof) or other Intellectual Property (hereinafter referred to as "Brand Materials") that is/are identified with or belongs to the other Party on any publication, document, paper, audio or visual presentation, or for publicity purposes.

10.2 Any use of the Brand Materials for the purposes stated in Clause 10.1 above shall first obtain the written consent of the other Party and shall comply with all reasonable instructions as to the use of the other party's Brand Materials.

11. MISCELLANEOUS

11.1 The official language to be used for execution and cooperation under this MOU shall be English.

11.2 Any amendment or modification to this MoU shall be made upon mutual consent of the Parties vide a written notice executed by the duly authorized representative(s) of each Party hereto.

11. 3 A waiver of any of the nights or remedies available to any Party hereto shall not be valid and effective unless expressed in writing and executed by the duly authorized representative(s) of the Party Such a waiver by any of the parties hereto shall not be construed as a waiver in respect of any other breach, antecedent or future.

11.4 Each Party shall be solely responsible for their respective tax implications (if any) arising out of the performance of the terms and conditions of this MoU.

12. NOTICES

12.1 Any notice required to be delivered hereunder shall be sent to the Parties at the following respective addresses:
