## MINUTES OF THE MEETING

### **Agenda 1: Welcome address by the Chairman of the Board of Studies (BOS).**

The Chairman of the Board of Studies (BOS) formally welcomed all the members and invited them to begin the proceedings.

### **Agenda 2: Discussion on 1st and 2nd Semester Scheme and Syllabus Proposed for UG – Department of Robotics and Automation for the Academic Year 2025-26**

The Chairman of the Board of Studies (BOS) presented the proposed scheme and syllabus for the 1st and 2nd semesters of the Undergraduate Program in Robotics and Automation, formulated in alignment with the latest **VTU guidelines**. The members of the BOS thoroughly reviewed and discussed the proposed curriculum.

- Dr. K. V. Suresh, VTU Nominee, participated in the meeting online and provided valuable insights on the first-year subject scheme and syllabus.
- Dr. Adarsha H sought clarification regarding the delivery of Engineering Graphics for students from various engineering specializations. He further clarified that Curriculum Optimization refers to streamlining syllabus content while enhancing experiential learning and promoting self-learning methodologies.
- Dr. Pramodkumar S. emphasized the importance of designing the curriculum in accordance with the latest NBA accreditation standards.
- Dr. Venkat Reddy P. S. suggested reducing the content in Module-1 of the subject Introduction to Mechanical Engineering, to make it more concise and focused.
- All BOS members unanimously recommended preparing a question bank for the Engineering Graphics course and distributing it among students to facilitate exam preparation.
- It was also suggested that the Elements of Mechanical Engineering Laboratory be developed in line with the revised syllabus, incorporating experiments under Part-A and Part-B, as per the new curriculum framework.

## Department of Robotics and Automation

- Mr. K. Chetan proposed assigning greater weightage to the Orthographic Projection of Solids topic within the Engineering Graphics course, recognizing the higher level of visualization and effort it demands.
- The BOS members collectively reviewed and approved the syllabus for Module-5 of the Engineering Graphics course, applicable to various engineering disciplines.
- The members appreciated the collaborative efforts in curriculum design and supported the proposed changes, which aim to align with current academic standards and industry expectations.

### Agenda 3: Vote of Thanks.

The BOS Chairman expressed his sincere thanks towards all the members for attending the meeting and also for their valuable inputs and formally concluded the meeting.
