Date: April 11, 2025

TO WHOMSOEVER IT MAY CONCERN

This letter is to certify that Ritika Mukherjee has successfully completed her internship program as a Data Scientist with Catalytics Datum Solutions Private Limited. Her project tenure was from December 5, 2024 to April 7, 2025. She was working on Data Science & AI based solution development and was actively & diligently involved in the development, testing & demonstration of the solutions with core Catalytics Datum team.

During the span, we found her punctual and hardworking person and on the technical side she demonstrated the capability of quick learning, easy articulation of technical concepts & detail orientation. Moreover, we found her interpersonal and communication skills are brilliant.

We wish Ritika all the very best for her future endeavors.

Yours sincerely,

Subhajit Chatterjee

CERTIFICATE OF INTERNSHIP

This is to certify that **Darshan R** whose USN is **1RR21A1014**, has completed their **Data Science for Market Research, Consumer Behavior Analysis, and AI-driven Personalization in Health Tech Innovation** Internship at **Compsoft Technologies** from **1st November, 2024** to **1st May, 2025**.

The person to whom this certificate is addressed to has worked on a project titled **Development of a Smart Spoon for Enhancing Taste Perception Using Electric Stimulation**. As part of the project, they conducted in-depth research into electric taste stimulation and machine learning-driven personalization, aimed at improving flavor perception for individuals on low-sodium diets. They explored the feasibility of enhancing salty and umami sensations using low-voltage electrical impulses and designed adaptive machine learning models that respond to user feedback and dietary preferences. They developed algorithms to fine-tune stimulation levels based on sensory input, meal history, and personal health parameters.

They also developed computer vision models for food recognition using image processing techniques. These models identified food types and predicted their salt content, enabling dynamic control of stimulation parameters. In addition, they contributed to the development of a companion mobile application that tracked user data, offered personalized recommendations, and provided analytics for usage patterns.

They also conducted market research to analyze consumer preferences, identify investment opportunities, and assess the commercialization potential of the product. They evaluated sentiment data using NLP techniques, predicted behavioral trends, and aligned user feedback with technical enhancements for future development.

Principal
During the course of the internship, they demonstrated excellent analytical and problem-solving skills with a self-motivated approach to learning. Their

Certificate of Internship

his is to certify that **HEMASHREE M** whose USN is **IRR21AI019**, has completed their **Applied Research in Data Science and Machine Learning Internship at Compssoft Technologies** from **10th MARCH, 2024** to **20th APRIL, 2025**.

The person to whom this certificate is addressed to has worked on a project titled **"STOCK PREDICTIVE SENTIMENT ANALYSIS USING NEWS HEADLINES"**, As part of the project, they conducted in-depth research into new areas of machine learning, identifying potential gaps and opportunities. They analyzed existing models and frameworks tailored as per the specifications of the Project. They also conducted market research to study industry trends, user requirements, and potential challenges for future implementation. Additionally, they Evaluated, implemented, and tested machine learning models pertaining to the project, evaluating and improving their accuracy and defining their scope for future use.

During the course of the internship, they demonstrated excellent analytical and problem-solving skills with a self-motivated approach to learning. Their performance exceeded expectations and was able to complete the project successfully on time.

Internship Completion Certificate

Dear **Geethanjali.M**,

This is to certify that **Geethanjali.M** has successfully completed the internship program in "**Data Science with Machine Learning**" at **EJUKET** from **November 04, 2024** to **March 04, 2025**.

During this **4 MONTH** internship period, **Geethanjali.M** has demonstrated:

1. Strong technical knowledge and skills in the assigned domain.
2. Excellent problem-solving abilities and critical thinking.
3. Consistent professionalism and adherence to company policies.
4. Effective communication and teamwork capabilities.
5. Remarkable dedication to learning and self-improvement.
6. Timely completion of all assigned projects and tasks.

We appreciate the valuable contributions made during the internship period. The projects and tasks undertaken have shown exceptional promise, and we are confident that **Geethanjali.M** will excel in future professional endeavors.

This internship experience certifies that **Geethanjali.M** has gained practical knowledge and industry exposure in the field of **Data Science with Machine Learning**.

We wish **Geethanjali.M** the very best for all future endeavors.

CERTIFICATE OF INTERNSHIP

This is to certify that Mohammed Ovez whose USN is 1RR21A1030, has completed their Full Stack Web Development Internship organized and handled by Routex from 1st October, 2024 to 15th January, 2025.

The person to whom this certificate is addressed has worked on a project titled Human Resource Management System, aimed at developing a comprehensive human resource management system (HRMS). This project involved designing and implementing a full-stack web application with features such as employee onboarding, attendance tracking, performance evaluation, and payroll management. Utilizing frontend technologies (e.g., React/Angular) and backend frameworks (e.g., Node.js/Django), they created responsive and dynamic user interfaces. The system integrated database solutions (e.g., MySQL/MongoDB) to securely store, retrieve, and manage employee data, while adhering to RESTful API standards for seamless communication between modules. By following agile methodologies and client requirements, they ensured the tool was scalable, user-friendly, and met organizational HR workflows efficiently.

During the course of the internship, they demonstrated good design skills with a self-motivated attitude to learning new things. Their performance exceeded expectations and was able to complete the project successfully on time.

21st January 2025

To Whomsoever It May Concern

This is to certify that **Mr. Nitin Mohan**, a student of Bachelor of Engineering from Rajarajeswari College of Engineering, Bangalore, has completed his Internship from **5th September 2024 to 19th December 2024** at Toyota Kirloskar Motor (TKM), Bidadi.

During his tenure at TKM, the candidate was able to experience the "Toyota Way" of working. The candidate has conducted a study on "**Vehicle Big Data Analysis**". The report is prepared under the mentorship of TKM's Genba Coach.

As a trainee, his conduct was good during the above-mentioned period.
We wish him success in all his future endeavors.

With Best Regards.
