Alumni Talk

Title of the Event : Alumni talk

Date of the event : 2ND AUG 2024

Event Duration : 11:00 am

Venue : Room No 219, 2nd floor, RRCE

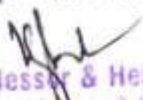

Target Participants: AI & ML 3rd year

Overview of the Event: Alumni talk about the insights to get into higher education (A brief view). How to apply for outside universities to pursue higher education and what is the process to be followed and different types of competitive examinations.

Outcome of the program: Students were able to analyse the steps to follow for competitive examinations and pursue higher education in abroad countries.

IDP Education is a global education organization that provides a range of services to students looking to study abroad. It operates in over 30 countries and is known for its expertise in helping students navigate the complex process of applying to international universities and institutions. It partners with various institutes across countries such as Australia, the USA, the UK, Canada, Ireland and New Zealand.

Counseling Services: IDP offers personalized guidance to students on choosing the right course, university, and country based on their academic and career goals. **Application Assistance:** They help with the application process, including filling out forms, preparing documentation, and meeting deadlines. **Test Preparation:** IDP provides resources and support for standardized tests like the IELTS (International English Language Testing System), which is often required for admission to English-speaking institutions. **Visa Guidance:** They offer advice on the visa application process, including required documentation and interview preparation. **Pre-Departure and Post-Arrival Support:** IDP assists students with pre-departure orientations and helps with settling in once they arrive at their destination.

CIRCULAR

Date: 03/04/2025

All the students are hereby informed that the ELECTRONICS AND COMMUNICATION ENGINEERING Department is organizing an Alumni Talk on "VLSI Front End Flow Design Overview" on 04/04/2025.

Venue : Dr.Satyendranath Bose seminar Hall, Department of ECE, RRCE, Bengaluru.

Time: 11:30am-12:30pm

All the II Year and IV year students are encouraged to attend the program.

Resource person: Mr. Arjun E, ASIC Design Engineer, MOSCHIP Technologies LTD, Hyderabad.

Expert Alumni Talk on “VLSI Front End flow Design Overview”

- **Date of Event:** 4th April 2025
- **Venue:** Satyendranath Bose seminar hall, 4th Floor
- **Resource Persons:** Mr. Arjun E, MOSCHIP Technologies Ltd. Hyderabad.
- **Event objective:** The Expert Talk on VLSI Front End flow design overview was successfully conducted, offering an in-depth exploration of the latest advancements and challenges in the VLSI domain. The event aimed to provide insights into emerging technologies and the open source tools used for functionality verification of digital logic circuits.
- **Topics Covered:** Key topics included:
 - The fundamentals of Verilog HDL.
 - Functionality verification using open source tool.
 - Challenges in verification of VLSI design.
 - Hands on session to carry out a project on HDL.
- **Participants :** 6th Semester ECE students
- **Total number of participants:** 60
- **Event Outcomes:**
 - Participants gained valuable insights in verifying functionality of digital logic circuits using HDL and how to debug the errors found in the design.
 - The participants gained the knowledge of ASIC design flow and the challenges faced while designing the digital circuit applications.
 - The event facilitated the participants to use the suitable FPGA hardware fabric for implementing the circuits designed.
 - Participants were exposed to practical techniques in modeling, simulation.

AI in Every Day Life

Type of Event	:Alumni Talk
EventName	: "AI in Every Day Life"
DateofOrganization	: 29 th November2024
EventCoordinator	: Prof Avinash C M

Outcome of the Event:

The event was conducted on the 29th of November 2024 at 10:35 AM, with participation from 2nd and 4th-year Electrical and Electronics Engineering students. Mr. Vignesh Kumar K., an alumnus of the 2021 batch and currently working as an Associate Business Analyst at Fidelity National Financial India, was the keynote speaker.

Objectives:

Exploring Artificial Intelligence in Everyday Life and Its Practical Applications.

Fundamentals of AI: Definitions and Core Concepts

The Evolution of AI: History and Types

AI in Renewable Energy Management

Fault Detection and Predictive Maintenance: AI algorithms monitor electrical systems to detect faults and predict potential failures, reducing downtime and maintenance costs.

Energy Optimization: AI optimizes energy usage by analyzing consumption patterns and recommending efficient solutions, leading to reduced energy waste.

Smart Grid Management: AI enables real-time monitoring and balancing of energy supply and demand, ensuring grid stability and integration of renewable energy sources.

Load Forecasting: AI models forecast electricity demand based on historical data and external factors like weather, helping utilities plan resource allocation effectively.

ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT

Talk On On “Digital Manufacturing”

Date: 15th May 2025

Time: 10:45 AM to 11:45PM

Venue: ECE seminar Hall

Resource Person: Mr. Jagadeesh

Coordinators: Prof. Chaithanya S

Participants: 6th Sem Students from ECE Department

Program Overview:

Digital Manufacturing is revolutionizing the way products are designed, produced, and delivered by integrating advanced technologies like IoT, AI, robotics, and 3D printing. This talk is important as it bridges the gap between academic knowledge and real-world industrial practices. It equips students and professionals with the skills and awareness needed to thrive in Industry 4.0. By understanding digital manufacturing, participants can contribute to greater innovation, efficiency, and sustainability in various sectors. Overall, the talk prepares attendees for the future of work in an increasingly digital and connected industrial landscape.

Objectives:

- To provide participants with a foundational understanding of digital manufacturing and its components
- To explain how technologies like Industry 4.0, cloud computing, and cyber-physical systems are shaping modern manufacturing.
- To showcase case studies or examples where digital manufacturing has improved efficiency, flexibility, and productivity.

ELECTRONICS AND COMMUNICATION ENGINEERING

- To examine current challenges (cybersecurity, cost, skill gaps) and opportunities in adopting digital manufacturing.
- To inspire students/professionals to explore careers or projects in digital manufacturing and contribute to innovation in this field.

Outcomes:

- Students will gain a clear understanding of what digital manufacturing is and why it is important in today's industrial landscape.
- Attendees will be familiar with key technologies like 3D printing, smart factories, AI/ML in manufacturing, and digital twins.
- Participants will understand how digital manufacturing can be applied in real-world settings, including small businesses and large industries.
- The talk will spark interest in learning more about digital manufacturing, possibly encouraging participants to take up related courses.

CIRCULAR

Date: 15/10/2024

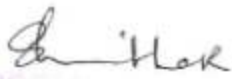

All the students are hereby informed that the ELECTRONICS AND COMMUNICATION ENGINEERING Department is organizing an Alumni Talk on "Bridging Gap between Industry and Academia" on 19/10/2024.

Venue : Dr.Satyendranath Bose seminar Hall, Department of ECE, RRCE, Bengaluru.

Time:10:30am-11:30am

All the II Year students are encouraged to attend the program.

Resource person: Mrs. Impana, Software Engineer, Bosh Global Software Technologies, Bangalore.

PROF. S. S. SRINIVAS

REPORT ON ALUMNI TALK

DATE	19/10/2024
VENUE	ECE SEMINAR HALL
EVENT NAME	BRIDGING GAP BETWEEN INDUSTRY AND ACADEMIA
STAFF CO ORDINATOR	Mrs. Vani S Badiger, Assistant Professor, Dept, ECE
HOD	Dr. Sunitha R, HOD, Dept, ECE
RESOURCE PERSON	Ms. Impana, Software Engineer, Bosch Global Software Technologies.
PARTICIPANTS	3rd SEM ECE STUDENTS

Outcome of the Program:

Students gained information about the following-

- Set realistic goals. Encourage industry interactions for students. Create a strong alumni network.
- Offer student-centric education, not faculty-centric education. Provide students practice-based learning to try and train methodological competencies.
- Blend both hard and soft skills judiciously. Impart soft skills training.
- Blend both hard and soft skills judiciously. Impart soft skills training.
- Adopt team teaching where the educator and the industry expert impart knowledge in the classroom.
- Follow the upgraded tools and techniques to bridge the skills gap keeping the latest trends and technologies in view to enable students to become employable and deployable in the corporate world.

Alumni Leadership Talk on "Emerging Trends & Technologies in IT industries with better career prospects in near future"

Event Name : Alumni Interaction
Venue : Smart Classroom, ISE Dept.
Date & Time : 14th September 2024 & Timing : 9.00 A.M. to 10.30 A.M.
Alumnus visited : **Ms. Ganagana K**
Batch : 2017 – 2021 batch
Organization : **Honeywell Technologies, Bangalore**
Designation : **Software Engineer**

Summary of the event:

Alumni Leadership Talk on "Emerging Trends & Technologies in IT industries with better career prospects in near future" by Ms. Gagana, (ISE Alumni 2017 - 2021), Software Engineer (Gr - 1), Honeywell Technologies, Bengaluru on 14th Sept. 2024 Saturday between 10.00 A.M and 12.00 Noon.

Dr. Sreenivasamurthy V, Associate Professor of ISE dept. delivered the welcome address.

Dr. J. Amutharaj, Professor and HoD of ISE Dept and Vice Principal has introduced the Alumni and delivered the introductory note.

Ms. Gagana K, a Notable Alumni of ISE 2017 - 2021 batch, working as Software Engineering – I in Honeywell Technologies, Bengaluru has stressed the importance of fundamental knowledge, practical exposure on programming and communication skill. She narrated on trending Technologies like AI & ML, Data Science, Block Chain Technology, Full Stack Development, Cloud computing & storage Technologies, Internet of Things (IoT) and Augmented Reality & Virtual Reality Technologies. She advised the students that as a fresh Engineering graduate they should be fast learners and be proficient in latest software tools, utilize Internship & project works to become industry ready Engineers. Dr. B.Savitha, ASP, Maths Dept., RRCE Alumni Association coordinator proposed the vote of thanks.

1. TYPE OF EVENT : Alumni Talk on Effective HR policies and practices
2. RESOURCE PERSON : Ms.Nagamani, Senior Analyst, Microland Ltd
3. EVENT SCHEDULE :29-08 -2024, 11.00 am to 12.30 pm
4. VENUE :6th floor, Chanakya Seminar Hall
5. TARGET PARTICIPANTS : 2nd SEMMBA Students
6. NUMBER OF PARTICIPANTS: 101

8. PROGRAM OUTCOME:From this alumni talk, students learned that effective HR policies and practices are crucial for achieving positive organizational outcomes. They saw how clear expectations and supportive measures enhance employee satisfaction, while well-designed performance management and training boost productivity and compliance. Additionally, they understood that fostering a positive culture and streamlining processes drive overall success and organizational effectiveness.

Webinar on Your Roadmap to Your Career Success

Resource Person: **Archana R Mulge (MCA Alumni 2023), Process Consultant (Analyst), Sagility Private limited, Bangalore.**

Date : **26-09-2024**

Time : **10.00 AM – 12:00 Noon**

Objective of the Program:

The objective of "Your Roadmap to Career Success" is to provide a comprehensive and structured guide that empowers individuals to identify their career goals, develop actionable plans, and navigate the challenges of the professional landscape. This roadmap aims to equip participants with essential skills, resources, and strategies to enhance their employability, build a strong professional network, and achieve long-term career fulfillment. Through self-assessment, goal setting, skill development, and ongoing evaluation, individuals will be able to take proactive steps toward realizing their career aspirations and adapting to an ever-changing job market.

Program Outcomes:

- **Clarity in Goals:** Participants will articulate clear and achievable career objectives tailored to their passions and strengths.
- **Actionable Plans:** Attendees will develop a personalized roadmap outlining steps to reach their career milestones.
- **Skill Development:** Individuals will identify and enhance key skills relevant to their desired career paths, improving their marketability.
- **Networking Proficiency:** Participants will cultivate effective networking strategies, enabling them to build and maintain professional relationships.
- **Adaptability:** Graduates will demonstrate the ability to adapt their plans based on market trends and personal growth, ensuring ongoing career relevance.
- **Confidence and Self-Advocacy:** Individuals will gain the confidence to advocate for themselves in professional settings, including interviews and negotiations.
- **Evaluation and Reflection:** Participants will learn to regularly assess their progress and make necessary adjustments to stay aligned with their career goals.
