

Internal Quality Assurance Cell

CRITERIA – 7.1.6

AY 2024-25

7 Criterion: 7.1 Institution Values and Social Responsibilities.

7.1.6. Quality audit on environment and energy regularly undertaken by the institution and any awards received for such green campus initiatives:

5. Beyond the campus environmental promotion activities.

Sl. No.	Date	Title of the Program	Number of Participants
1	12-11-2024	Plantia-The Green Tots-2K24- Presentation on adaption of plants and organic farming	69
2	26-11-2024	Short film Contest on "Water Conservation"	49
3	30-11-2024	Project Expo-2K24-Project models on waste and water management	69

Plantita- The Green Tots-2K24

1. Type of Event : Plantita- The Green Tots- 2K24
2. Event Name : “Presentation on Adaption of plants and Organic Farming”
3. Date of Organization: Tuesday, 12th November 2024
4. Event Coordinator: 1. Prof. Prutha G
2. Prof. kiruthika K

5. Outcome of the Event:

The event was conducted Afternoon on 12th of November, 2024 where 3rd year Electrical and Electronics Engineering students took part for the event Presentation on Adaption of plants and Organic Farming.

- **Overview:** A brief summary of the plantita trend, why people are turning to plants for mental and physical health benefits, and the growing community around plant care.
- **Purpose:** To examine the benefits of plant care, popular plant choices for beginners, best practices, and how plant enthusiasts support one another.
- **Overview:** A summary of organic farming, focusing on its environmentally friendly practices, health benefits, and economic potential.
- **Purpose:** To analyze the principles of organic farming, its advantages and disadvantages, and its role in promoting sustainable agriculture.

6. All the students from 3rd year students – 69 participated in the event very actively made the Heritage walk and craft a grand success.

Department of Robotics and Automation

Report on “Water Conservation”- 2024

NAME OF THE DEPARTMENT: Department of Robotics and Automation

1. Type Event : Short film Contest on “Water Conservation”
2. Venue : Arya Bhatta Seminar Hall
3. Date of the programme : Tuesday 26th November 2024
4. Time : 1.30 pm to 4:00 pm
5. Staff Co-ordinator : Dr. Satheesha V
HOD- R&A, Associate Professor
Department of Robotics and Automation
Rajarajeswari College of Engineering
6. Student Co-ordinator : Mr. Tanmay R
3rd Semester, 1RR23RA036
Department of Robotics and Automation
Rajarajeswari College of Engineering
7. Students attended : 3rd sem students of all engineering department

8. Outcome of the Programme:

Water conservation techniques:

- **Fix Leaks Promptly:** Leaking taps, pipes, and toilets waste a significant amount of water. Fixing leaks can save gallons of water daily.
- **Install Low-Flow Fixtures:** Use low-flow showerheads, faucets, and toilets to reduce water usage without compromising performance.
- **Use Water-Efficient Appliances:** Choose washing machines, dishwashers, and other appliances with high water efficiency ratings to reduce water consumption.
- **Water Your Garden Efficiently:** Water plants early in the morning or late in the evening to reduce evaporation. Use drip irrigation systems or soaker hoses for targeted watering.
- **Collect Rainwater:** Set up rain barrels or other rainwater collection systems to harvest water for use in irrigation and outdoor cleaning.
- **Mulch Around Plants:** Mulching helps retain moisture in the soil, reducing the need for frequent watering.
- **Use a Broom, Not a Hose:** Instead of using a hose to clean driveways or patios, use a broom to avoid wasting water.
- **Water-Efficient Landscaping (Xeriscaping):** Choose drought-tolerant plants that require less water and design landscapes that minimize water usage.
- **Shorten Shower Times:** Reducing shower time by even a few minutes can significantly conserve water in households.
- **Educate and Raise Awareness:** Promote water conservation practices within your community to encourage widespread water-saving behaviors.

Water & Waste Management Project Expo-2K24

1. Type of Event : Water & Waste Management Project Expo- 2K24
2. Event Name : “Project models on waste and water management”
3. Date of Organization: Wednesday, 20th November 2024
4. Event Coordinator: 1. Prof. Prutha G
2. Prof. Udhyami M B

5. Outcome of the Event:

The event was conducted Afternoon on 20th of November, 2024 where 3rd year Electrical and Electronics Engineering students took part for the event Project expo on Water and Waste Management.

Objectives:

- Highlight the importance of efficient water management and waste treatment in urban and rural settings.
- Encourage participants to develop practical, innovative, and eco-friendly solutions.
- Provide a platform for knowledge sharing and networking among stakeholders.

Exhibited Projects: Some of the remarkable projects showcased were:

1. Smart Water Management System
 2. Decentralized Wastewater Treatment Plant (DWWTP)
 3. Comprehensive Solid Waste Management Model
 4. Plastic Waste to Paver Blocks Initiative
 5. Rainwater Harvesting with AI Integration
6. All the students from 3rd year students – 69 participated in the event very actively made the Heritage walk and craft a grand success.

RENEWABLE ENERGY PROJECT EXPO - 2K25

1. Type of Event : Renewable Energy Project Expo- 2K25

2. Event Name : **“Project models on Renewable Energy Resources”**

3. Date of Organization: Tuesday, 13th May 2025

4. Event Coordinator: 1. Prof. Prutha G
2. Prof. Kiruthika K.

5. Outcome of the Event:

The event was conducted Afternoon on 13th of May, 2025 where 3rd year Electrical and Electronics Engineering students took part for the event Project expo on Renewable Energy Resources.

Objectives:

The Project Expo on Renewable Energy Resources aims to showcase innovative student projects that promote sustainable energy solutions. With growing concerns over climate change, depleting fossil fuels, and energy security, this expo provides a platform for young minds to present their ideas and prototypes focusing on clean, green, and renewable energy technologies.

- To encourage research and innovation in the field of renewable energy.
- To raise awareness about the importance of transitioning to sustainable resources.
- To provide a platform for students to present real-world solutions to global energy challenges.

6. All the students from 3rd year students – 67 participated in the event very actively made the Renewable Energy Project Expo-2K25 a grand success.
