INTERNSHIP COMPLETION LETTER

MindMatrix, an MoU partner of Visvesvaraya Technological University (VTU), has successfully conducted the internship program titled "**Android App Development using Generative AI**", announced on the VTU internship portal.

The internship was conducted in **online** mode from **2nd February 2026 to 18th May 2026**, in accordance with **industry-standard processes and practices followed** by MindMatrix.

During the internship, the student was exposed to industry-aligned learning and hands-on practice in the following areas:

1. Android application development using **Kotlin** and **Jetpack Compose**
2. Hands-on experience with **Android Studio**, **Google Cloud Labs**, and **Google AI Studio** to explore **GenAI capabilities** in application development
3. **UI/UX design**, application prototyping, feature development, followed by **debugging and iterative enhancements**
4. **Project-based learning** involving **Firebase integration**, testing, and standard **Android development workflows**

The following student was enrolled in the internship program through the VTU internship portal, and is subject to verification and validation by the respective college.

Name: JEEVAN P
USN: 1RR22EE014
College Name: Rajarajeswari College of Engineering

The student's performance during the internship was evaluated based on **continuous participation, task completion, and overall engagement on the online platform MindMatrix.io**. Detailed performance metrics as per internship program coordinators' judgement is provided in the **attached annexure**.

The intern's overall performance during the internship was assessed based on the prescribed evaluation criteria and rated as **EXCELLENT / Very Good / Good / Satisfactory / Needs Improvement**

This evaluation is for internship assessment only and does not carry direct academic marks.

The internship completion letter is issued at the student's request, based on records available with MindMatrix, without any risk or liability to the organization or its authorized signatories.

We wish the student the very best in their future academic and professional endeavors.

MindMatrix, an MoU partner of Visvesvaraya Technological University (VTU), has successfully conducted the internship program titled "Android App Development using Generative AI", announced on the VTU internship portal.

The internship was conducted in **online** mode from **2nd February 2026 to 18th May 2026**, in accordance with **industry-standard processes and practices followed** by MindMatrix.

During the internship, the student was exposed to industry-aligned learning and hands-on practice in the following areas:

1. Android application development using **Kotlin** and **Jetpack Compose**
2. Hands-on experience with **Android Studio**, **Google Cloud Labs**, and **Google AI Studio** to explore **GenAI capabilities** in application development
3. **UI/UX design**, application prototyping, feature development, followed by **debugging and iterative enhancements**
4. **Project-based learning** involving **Firebase integration**, testing, and standard **Android development workflows**

The following student was enrolled in the internship program through the VTU internship portal, and is subject to verification and validation by the respective college.

Name: Prajwal L
USN: 1RR22EE022
College Name: RAJARAJESWARI COLLEGE OF ENGINEERING

The student's performance during the internship was evaluated based on **continuous participation, task completion, and overall engagement on the online platform MindMatrix.io**. Detailed performance metrics as per internship program coordinators' judgement is provided in the **attached annexure**.

The intern's overall performance during the internship was assessed based on the prescribed evaluation criteria and rated as **EXCELLENT / Very Good / Good / Satisfactory / Needs Improvement**

This evaluation is for internship assessment only and does not carry direct academic marks.

The internship completion letter is issued at the student's request, based on records available with MindMatrix, without any risk or liability to the organization or its authorized signatories.

We wish the student the very best in their future academic and professional endeavors.
