REPORT FDP ON "PYTHON PROGRAMMING" by ICT ACADEMY

NAME OF THE DEPARTMENT: Department of Computer Science and Engineering

1. Type of Event : FDP on "Python Programming" by ICT Academy
2. Resource Person : Mr. Deekshith K Gowda
Senior Technical Trainer – Training and Development
ICT Academy.

3. Date of the Programme: 03.08.2026 – 07.08.2026

4. Faculty Co-Ordinator: Mrs Josna O,
Assistant Professor
Department of Computer Science and
Engineering
RajaRajeswari College of
Engineering Bengaluru - 560074

Ms. Supraja M
Assistant Professor
Department of Computer Science and Engineering
RajaRajeswari College of
Engineering Bengaluru - 560074

6. Faculty attended: 50

7. Outcome of the Programme:

At the end of the Faculty Development Programme on **Python Programming**, participants:

- Gained an understanding of the fundamental concepts and syntax of Python programming.
- Developed Python programs using variables, data types, operators, conditional statements, loops, functions, and modules.
- Applied object-oriented programming concepts using Python.
- Worked with Python libraries for data processing, visualization, and basic data analysis.
- Developed simple applications and solved real-world problems using Python.
- Learned to debug and troubleshoot Python programs effectively.
- Applied Python programming concepts in teaching, learning, research, and academic projects.
- Gained confidence in designing practical and industry-oriented programming exercises for students.

BANNER

The banner features a dark background with a faint image of a person. In the top left corner, there is a yellow and blue badge that reads 'FDP NO: 2964'. In the top right corner, the 'ICTACADEMY' logo is displayed. The center of the banner contains the text 'Faculty Development Program on' followed by 'PYTHON PROGRAMMING' in large, bold, white letters. To the right of the text is the Python logo. Below the text, the dates '03 - 07 August 2026' are shown. Further down, it says 'Hosted by' followed by the 'RAJARAJESWARI COLLEGE OF ENGINEERING BENGALURU' logo and name. At the bottom left, the website 'www.ictacademy.in' is listed. At the bottom right, there are social media icons for YouTube, Facebook, X, Instagram, and LinkedIn, followed by the text 'ictacademyindia'.

ABOUT THE SPEAKER

Deekshith K Gowda

Senior Technical Trainer – Training and Development
ICT Academy

Master of Computer Applications (MCA) in Computer Science from Amrita School of Arts and Sciences, Mysuru, with 5+ years of experience in IT, IT training, development, and administration. Worked as a Team Lead Data Analyst at Flipkart. Successfully handled Faculty Development Programs (FDPs) and Student Certification Programs, conducting more than 30 programs.

Technical Skills

- Data Analytics: Python, Data Analytics libraries, Power BI, Excel
- Cloud Computing: AWS
- Programming Language: C, C++, CSS, HTML, Javascript
- DataBase Management System: MySQL, PostgreSQL
- CRM: Salesforce
- Tools and Technologies: Jupyter, Spyder, Pycharm, Github, VS Code, Metabase

Certifications

- Certified from Amazon Web Services – Solutions Architect Associate
- Certified PPDA: Professional Certificate on Data Analytics

FDP OVERVIEW

- The Faculty Development Program (FDP) on **Python Programming** was organized to enhance the technical knowledge and programming skills of faculty members.
- The program provided a structured introduction to Python and its applications in academic and professional environments.
- Participants gained exposure to Python programming fundamentals, including variables, data types, operators, conditional statements, loops, functions, and modules.
- The sessions covered advanced concepts such as object-oriented programming, exception handling, file handling, and package management.
- Hands-on training was provided through practical exercises, coding activities, and problem-solving sessions.
- Participants explored the use of Python libraries for data analysis, visualization, and computational applications.
- Real-world examples and application-oriented problems were discussed to improve participants' understanding of Python programming.
- The program encouraged participants to apply Python in teaching, research, project development, and academic activities.
- Practical demonstrations helped participants understand the implementation of Python concepts in real-time programming environments.
- Participants were guided in developing simple Python-based applications and solving computational problems.
- The FDP promoted collaborative learning and knowledge sharing among faculty members from different academic backgrounds.
- The program helped participants improve their logical thinking, programming practices, and debugging skills.
- Participants were encouraged to incorporate Python-based practical activities into their curriculum and classroom teaching.
- The program contributed to strengthening the digital and computational competencies of faculty members.
- Overall, the FDP provided a valuable platform for participants to update their technical skills and gain practical exposure to Python programming.

Please tick the appropriate score against each question.

Questionnaire	Below Average	Average	Fair	Good	Very Good
1. Completeness of the coverage of syllabus in accordance with learning objectives.					✓
2. The teaching structure of the module clear and consistent.					✓
3. Balance between Theory, activities and discussions.					✓
4. Length and Pace of the Program					✓
5. Quality & Coverage of the course materials provided.				✓	
6. Extent to which this course helped you in understanding the subject with respect to industry requirements.					✓
7. The trainer demonstrates skills with related examples and multiple evaluation methods.					✓
8. The trainer was able to make clear presentation and provide instructions.					✓
9. Effectiveness of the practical activities.					✓
10. Audio - Visual arrangements & Lab facilities.					✓

What did you like the best about this training?

FDP Content & delivery was good.

Please give suggestions for the improvement of this Course

Applied examples would have been included
