Report of Organizing Five-Day'S Student Development Program (SDP) on “Dynamic Data & Interaction: Building Modern JS Application”.

1. **Type of Event** : SDP on “Dynamic Data & Interaction :Building Modern JS Application”
2. **Venue** : Dr.Arya Bhatta Seminar Hall
3. **Resource Person** : Mr.Atri Thangaraj,
Project Manager, Worldeer Group Pte.Ltd.
Singapore.
4. **Date of the Even** :12th to 17th March -2026
5. **Staff Co-Ordinators** : Mr.ACHUTHAN S
6. **Overview of the Events:**

The program on “Persistent CRUD using JavaScript” was organized to introduce students to the fundamental concepts of web development and data management in modern applications. The session focused on understanding JavaScript as a lightweight and widely used programming language for creating interactive web pages. Participants were introduced to the concept of CRUD operations (Create, Read, Update, Delete), which represent the basic operations performed on data in most applications.

The event also covered the role of APIs (Application Programming Interfaces) in connecting different software systems and enabling communication between client applications and servers. Real-world examples and analogies were used to explain how APIs work in everyday applications such as weather apps and online platforms. A live coding demonstration was conducted to illustrate how CRUD operations can be implemented using JavaScript with arrays or APIs, allowing participants to observe practical implementation and application development techniques.

7. Outcome of the Program:

- Students gained a clear understanding of JavaScript fundamentals and its role in building interactive web applications.
- Participants learned the concept of CRUD operations and how these operations are used in real-world applications for managing data.
- The session improved students' knowledge of API communication and how different software systems interact through requests and responses.
- Through the live demonstration, students developed practical insight into implementing CRUD functionality using JavaScript.
- The program enhanced students' interest in web development and application programming, encouraging them to explore further learning in modern web technologies.

FEEDBACK FORM

Date: 17-03-2026

Event Name: 5-Days SDP on "Dynamic Data & Interaction: Building Modern JS Applications".

1. How clearly did the presenter explain JavaScript and its role in web development?

☐ Excellent ☒ Very Good ☐ Good ☐ Average ☐ Poor

2. Did the presentation provide enough practical examples of JavaScript CRUD operations?

☐ Excellent ☒ Very Good ☐ Good ☐ Average ☐ Poor

3. Did the examples help you understand how CRUD works in JavaScript?

☒ Excellent ☐ Very Good ☐ Good ☐ Average ☐ Poor

4. Was the explanation of API and the restaurant analogy helpful for understanding APIs?

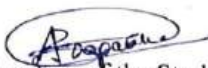

☒ Excellent ☐ Very Good ☐ Good ☐ Average ☐ Poor

5. Was the live coding demo helpful for understanding the concept?

☐ Excellent ☒ Very Good ☐ Good ☐ Average ☐ Poor

6. What additional topics related to JavaScript or APIs would you like to learn?

About data handling, Observer API's

Signature of the Student

FEEDBACK FORM

Date: 17-03-2026

Event Name: 5-Days SDP on "Dynamic Data & Interaction: Building Modern JS Applications".

1. How clearly did the presenter explain JavaScript and its role in web development?

☒ Excellent ☐ Very Good ☐ Good ☐ Average ☐ Poor

2. Did the presentation provide enough practical examples of JavaScript CRUD operations?

☐ Excellent ☒ Very Good ☐ Good ☐ Average ☐ Poor

3. Did the examples help you understand how CRUD works in JavaScript?

☐ Excellent ☒ Very Good ☐ Good ☐ Average ☐ Poor

4. Was the explanation of API and the restaurant analogy helpful for understanding APIs?

☒ Excellent ☐ Very Good ☐ Good ☐ Average ☐ Poor

5. Was the live coding demo helpful for understanding the concept?

☒ Excellent ☐ Very Good ☐ Good ☐ Average ☐ Poor

6. What additional topics related to JavaScript or APIs would you like to learn?

How to integrate local storage & APIs to the code
